## Truman's Remarks in Foreign Policy Draw G. O. P. Reply

Washington (AP) — President Truman's fresh endorsement of bipartisan foreign policy moves brought a call by Sen. Styles Bridges today for vigorous Republican campaigning on international issues.

Bridges, the GOP Senate leader, told reporters Democrats want Republicans to share responsibility for foreign policy decisions and to eliminate the issue from the campaign.

Truman told a White House news conference yesterday he endorsed a 1951 Senate document which said "the conduct of American foreign policy in the past decade has, in general, been bipartisan in its aspects."

The President cited this in discussing the rejection by Dwight D. Eisenhower, the Republican nominee, of an invitation to come to Washington for a briefing on the world situation.

While he hadn't sent an invitation to Eisenhower until Tuesday, Truman said the general had been informed previously by the Defense Department he could get any information he wanted from that agency.

In Denver, Eisenhower was told by Bradley's statement by his press secretary, James C. Hagerty, who reported:

"The general laughed. He just sighed."

## Two Stiff Prison Sentences Imposed in County Court

Two stiff prison sentences were imposed by Judge Allison D. Wade when George A. Darling and Clifford L. Barnes appeared before him today, Darling being charged with assault with intent to rob and aggravated assault and battery against Orie Kibbey of Pittsfield, and in which atrocity Barnes was alleged to have been an accomplice. Darling was fined \$5,000 and sentenced to 18 months in the Allegheny workhouse, the costs to include the travel expenses of Sheriff L. E. Linder and Officer William C. Timmins who went to El Paso, Texas, to bring Darling back to Warren.

Barnes, facing a charge of burglary and larceny as a result of having broken into the apartment of his aunt in Youngsville, was fined \$5,000, and sentenced to 12 months imprisonment in the workhouse.

John H. Timmins, Jr., charged with operating a motor vehicle during license suspension, was fined \$100 for use of Warren county while Peter A. Sandell of Jameson, facing his second charge of drunken driving in Warren county, was fined \$100 and given a 1-day jail sentence which he has already served, having been unable to provide bond.

Darling, Barnes, Timmins and Sandell each plead guilty.

## Eleven Attempting The Channel Swim

Folkestone, England (AP) — Freshening winds whipped up the summer-studded English Channel today but at least 11 of this year's rears and glucose gang struggled through stinging hail and rain storms.

It was a two-way traffic but the only American to try the difficult 1-mile crossing gave up last night in sight of his goal.

Bob Paysour, a lanky 24-year-old from Gastonia, N. C., was ragged from the calm but cold water about six miles short of the English coast 12 hours and 15 minutes after he plunged in at Cap Gris Nez on the French coast. His trainers said his left leg had become paralyzed as the result of a two-month-old injury.

## Gavin and Kearns in Group Touring Pacific

Washington (AP) — Eleven congressmen left today for a four weeks' tour of Pacific military installations, including Korea.

The party, traveling by special plane, will visit Hawaii, Johnston and Kwajalein Islands, Guam, Manila, Okinawa, Tokyo, Korea and Alaska. They will return here Sept. 14.

Rep. Brooks (D-La.) is chairman of the group, which includes Rep. Gavin (R-Pa.), a member of the house armed services committee. Rep. Kearns (R-Pa.) also is in the party.

The group is due in Tokyo Sept. 1 and will go to Korea shortly after that.

## Bell Telephone Co. Ordered to Prepare New Cost Estimate

Harrisburg (AP) — The Bell Telephone Co. of Pennsylvania, seeking to boost nickel pay booth calls to a dime, has been ordered to estimate how much it would cost to reproduce its entire facilities based on average costs over a five-year period.

The order came yesterday from the Public Utility Commission in connection with the company's proposed \$31,706,000 a year rate increase.

In addition to the pay booth price hike the proposed schedule would raise most residence bills 50 cents a month. Some two million phone users would be affected. The increase has been suspended until Sept. 7 while the rate investigation continues.

Bell already has submitted reproduction estimates based on one and two-year cost studies at PUC rate hearings held earlier.

The utility had declined a PUC request for the five-year figure on grounds that it would be too costly to make and was not relevant to the case. The request originally (Turn to Page Eleven)

## C. I. O. ENDORSEMENT PROVES NO SURPRISE

Washington (AP) — CIO President Philip Murray planned a rip-smorting political speech today to 400 leaders of the CIO's Political Action Committee, here for a one-day "get-behind-Stevenson" rally.

The CIO's Executive Board late yesterday threw the support of the big labor organization to the presidential campaign of Illinois Gov. Adlai Stevenson, the Democratic nominee. The executive board also slapped at the Republican party platform as "empty of constructive ideas."

The Stevenson endorsement which came as no surprise, was in the form of a resolution adopted by the 46-man board.

## PRINCE GLUM AFTER MEETING WITH RITA

Hollywood (AP) — Prince Aly Khan hurried to a five-hour visit with his estranged wife Rita Hayworth soon after he arrived here last night, but when the meeting broke up early today their reconciliation question remained unanswered.

Appearing glum as he left the red haired actress' home at 2:38 a. m. (PDT), the prince said only, "I talked with Rita and saw our daughter who is beautiful."

He said another visit is planned later today, but "no comment" was his only reply when asked if a reconciliation was possible.

## Aged Preacher, in Hot Election, Loses Title as "King of American Nudists"

Mays Landing, N. J. (AP) — Silvery-haired Rev. Lesley Boone has been skinned of his unofficial title, "King of American Nudists."

In a hotly-contested election watched over by three fully-clothed Superior Court appointees at nearby Sunshine Park, the spry, 73-year-old Baptist preacher's 20-year hold on the American Sunbathing Association was broken.

An opposition slate headed by Mervin Mounce, a 43-year-old Spokane, Wash., contractor, was swept into office by a 1,457 to 430 vote margin over Aloise S. Knapp of Chicago, Boone's candidate.

The election capped a year-long scrap for control that wound up in Superior Court after both sides claimed victory in voting held during last summer's convention at Mohnton, Pa.

Superior Court Judge Vincent S. Haneman listened to the rivals claim leadership of the 8,000-member group and decided neither had been legally elected. He ordered yesterday's election and appointed three attorneys to supervise it.

## DAPPER KING OF GAMBLERS IMPRISONED

New York (AP) — Frank Costello, underworld gambling kingpin, surrendered today to begin serving his first prison term in 37 years.

Costello, who had been free in \$5,000 bail, was convicted of contempt of the United States Senate for refusing to answer questions concerning his finances before the Senate Crime Committee at a televised hearing in New York in March, 1951.

Dapper as always, the 62-year-old gambler wore a light blue dannel pencil-striped suit and light blue-tinted tie as he stepped from an automobile and entered the Federal Court House to begin an 18 months' sentence.

Courthouse attaches said the sentence probably will be served in the Federal Correction Institute at Danbury, Conn.

There, the fashion-plate and lavish tipper will be required to don drab dungarees and limit his expenditures to \$10 a month, for such items as cigarettes and shaving supplies.

Costello disappointed a crowd of about 200 persons waiting at the courthouse main entrance by entering through a side doorway.

He was smiling and appeared undisturbed.

A milling throng quickly gathered in a ground floor corridor of the courthouse to see Costello, who since his early gun-carrying conviction had risen to become an underworld celebrity.

## Distribution Will Be Made By Decree in Waters Estate

In a distribution hearing in the Mabel D. Waters estate in court this morning, Judge Allison D. Wade over-ruled the objection filed by Robert M. Spaeder of Erie, attorney for Robert Wheeler, and said he would hand down a complete decree as soon as he can formulate this in accordance with the stipulations and agreements entered into between the heirs and specific legatees.

Although his full name was not specified in the unusual will left by Mrs. Waters, Wheeler filed an objection. His name was given as "Robert" and it was indicated by Mrs. Waters that she wanted him to have \$500. This had been agreed upon by the other interested parties.

The distribution hearing had been asked by Neil D. Paterson, administrator of the Waters estate.

No other objections have been filed.

## ONE DEATH AND FOUR HURT IN COLLISION

Altoona (AP) — Two autos collided head-on 25 miles west of Altoona on Route 36, killing Isadore Rivley, 79, of Patton, father of a famed missionary priest, and Clair Conrad, 39, of Ashville.

Four other persons were injured in the crash yesterday and are patients in Miners Hospital at Splinter.

Rivley's son, the Rev. William E. Rivley, a Jesuit priest, is stationed in the Marianna Islands. He uses a boat to visit his parishioners. Last year he came to the U. S. for a new ship which he sailed back to his post.

## QUICKIES By Ken Reynolds

With Mairay are Haroud Tazieff a photographer; Jacques Labeyrie, son of a former governor of the Bank of France, and Bernard Occhialini, Italian-born naturalized Briton.

Earlier the three had informed the expedition leader, Belgian scientist Max Cosyns, that they would not come: up on the steel cable, pulled by a winch. Loubens was killed when the cable broke and he plunged 120 feet to the rocks below.

## U. S. Steel Still Negotiating New Contract With the Union

Pittsburgh (AP) — The official end of the costly 1952 steel strike appeared near today with U. S. Steel Corporation, the only member of the nation's "Big Six" still negotiating a new contract.

Republic Steel Corp. and Pittsburgh Steel Co. signed new contracts yesterday with the CIO Steelworkers and Jones and Laughlin Corp. said it had agreed on terms and will sign shortly—probably today.

The contract signings were an aftermath of the longest steel strike. It started June 2 and ended July 25. The strike ended after President Truman called union and industry officials to Washington where a so-called interim agreement was reached. This agreement called for a package wage boost totaling a little better than 21 cents an hour for men making slightly less than two dollars an hour.

Most of the nation's 650,000 men who had been striking began returning to work almost immediately. However, the union and companies continued negotiations to work out minor issues, including working conditions and the spelling out of management and union rights.

## Rescuers Exhausted As They Reach Body Of Cave Explorer

Licq-Atheryl France (AP) — Four cave explorers, drenched in exhaustion today, 1,153 feet underground beside the broken body of their comrade, Marcel Loubens, killed when he fell into the abyss.

Loubens, 33-year-old industrialist, died last night as a death-defying rescue team was about to try hoisting him by cable from a ledge where he had lain in a coma nearly 36 hours.

A doctor, Andre Mairay, had gone down in the earth with blood plasma and medicines, but it was too late.

Mairay and three other members of the expedition probing the Pierre St. Martin cave here near the Spanish border told comrades at the top they were so exhausted they had decided to sleep before beginning the task of removing Loubens' body.

With Mairay are Haroud Tazieff a photographer; Jacques Labeyrie, son of a former governor of the Bank of France, and Bernard Occhialini, Italian-born naturalized Briton.

Earlier the three had informed the expedition leader, Belgian scientist Max Cosyns, that they would not come: up on the steel cable, pulled by a winch. Loubens was killed when the cable broke and he plunged 120 feet to the rocks below.

## Boy Choir to Sing at Chautauqua On August 24th During Five-Day Outing

The Warren Boy Choir, under the direction of Byron L. Swanson, is to appear in concert on the Amphitheatre platform at Chautauqua Institution on Sunday afternoon August 24 at 3:00 p. m. Definite announcement to this effect was released today by Nat W. Drake, Secretary of the Warren Chamber of Commerce, who contacted the Institution in the interests of the Boy Choir and the Community, making the necessary arrangements. The Choir group is to have use of recreational and accommodation facilities at the Institution as guests from Tuesday evening until after the concert on Sunday. This will give the boys a fine outing for five days, enable Mr. Swanson to have them together for rehearsals until concert time and make it possible for the group to hear the fine programs being put on for the final week of the Chautauqua season.

The boys will attend the "Pop" concert put on by the Chautauqua Symphony Orchestra on Tuesday evening, the final Concert by (Turn to Page Eleven)

## Enemy Loses 3,014 in Dead And Wounded During Series Of Attacks on Western Front

Seoul, Korea (AP) — American Marines twice today crushed Chinese Communist attacks on Bunker Hill in the latest of a series of Western Front battles which the corps said has cost the Reds 3014 in dead and wounded since Saturday.

United Nations fighter bombers strafed and plastered Red positions with bombs, rockets, and gasoline as the Leathernecks forced back 200 Chinese who tried to advance on the battle-scarred hill this afternoon.

A briefing officer estimated 39 Reds were killed in the one-hour battle, the sixth futile Communist attempt to recapture Bunker Hill.

Before dawn today, Marines repulsed a 400-man force which launched a sneak attack on the hill from two directions.

The Leathernecks seized Bunker Hill early Tuesday, the fourth day of fighting in the area. The U. S. Eighth Army said 1,183 Chinese have been wounded and 897 counted or believed killed in Red efforts to recapture the hill.

Allied fighter bombers supported the fierce ground action with from 500 to 1,000 individual strikes against enemy positions since Saturday, the U. S. Fifth Air Force said.

The Air Force said its pilots today destroyed 76 troop and supply buildings, six supply dumps, 11 supply stacks, 17 gun positions, 28 bunkers, four personnel shelters, and seven field pieces.

Communist guns pounded Bunker Hill with 100 rounds a minute as 200 Reds scrambled out of the darkness in a furious frontal attack. Marines, firing from their prefabricated timber bunkers, cut the Reds down at the lower slopes of the hill.

Daylight brought waves of U. N. fighter bombers which stung Communist positions with bombs, rockets and flaming gasoline.

## Wrinkled Syngman Rhee Inaugurated For a Second Term

Seoul, Korea (AP) — Thousands in this war-ravaged capital cheered wrinkled Syngman Rhee today as he was inaugurated to his second term as president of South Korea. He promised "no rest" until the Communists are licked.

The 77-year-old President, re-elected Aug. 5 in South Korea's first popular presidential election, proclaimed during open-air ceremonies that Korea's "first charge remains upon the battlefield."

He added that his long-range aim, and that of the U. S. and the U. N., is "the restoration of all Korea as a free, independent, united and democratic nation."

A perspiring crowd estimated at 200,000 jammed the capital grounds to celebrate also the 40th anniversary of Korea's liberation from 40 years of Japanese occupation and the fourth birthday of the U. N.-sponsored republic.

In Pyongyang, the capital of North Korea, Premier Kim Il Sung issued a mild blast at the U. S. in Thursday night ceremonies commemorating the liberation.

Russia's Premier Joseph Stalin and Mao Tse-tung, boss of Red China, wished the North Koreans success in the war, in anniversary messages.

Gen. Mark Clark, the Allied supreme commander, and Gen. James A. Van Fleet, U. S. Eighth Army commander, were seated with Rhee on the flower-decked platform in Seoul.

## Erie's Mayor Fails In Effort to Settle Four-Day Bus Strike

Erie (AP) — Mayor Thomas W. Flately says he has been "unsuccessful" in efforts to settle the four-day old bus strike that has tied up public transportation in Erie.

The mayor summoned officials of the Erie Coach Co. and AFL Amalgamated Association of Street, Electric Railway and Motor Coach Employees to his office yesterday to mediate the dispute. Flately said:

"Both sides presented their story, but neither was willing to give in."

Bus drivers and maintenance men walked off their jobs Tuesday when union-management negotiations failed to produce a new contract (Turn to Page Eleven)

## Gunman Berserk on Philly Trolley Car

Philadelphia (AP) — A gunman, who killed one woman and wounded another in a trolley car crowded with rush-hour commuters, is still being sought by police today.

Police said a Negro man flourished the revolver in the trolley late yesterday afternoon. A woman—one of the 50 passengers—screamed. Motorman George Forker brought the car to a halt and conductor Oscar Schaible opened the side door.

As passengers scrambled for the street, four shots rang out. A Negro woman, identified as Lovie Lee Rigby, 25, fell dead and a companion, 24-year-old Elizabeth Suggs suffered a neck wound. She was admitted to Episcopal Hospital in fair condition.

Motorman Forker chased the gunman for nearly a block but was outdistanced. Miss Rigby was believed to be riding with the gunman on the car.

### Complete Plans Are Announced for the Visit of Dixie Band

In a meeting with their Jaycee Dixie Band Committee, Co-Chairmen Alan Buerkle and Leon Christiansen have worked out most of the final details for the Band's appearance here next Friday August 22, when there will be a parade starting at 6 p. m. and a public concert at 9:15 p. m. at War Memorial Field.

Expected to arrive here late Thursday evening by bus convoy from Camp Atterbury, Ind., the approximately 125 officers and soldiers will be given an unofficial reception at the YMCA, where they will be quartered by as many of the Jaycees and their wives as can be present. Hot coffee and sandwiches will be served which it is hoped will carry the visitors over until they are served a sumptuous breakfast Friday morning. Several work-bees confront the Jaycees during the week to come. Bleachers at War Memorial Field are to be moved into a sort of amphitheatre arrangement, while on Tuesday night there is a call for volunteers to work at the YMCA, setting up the 125 cots which have been loaned by the Boy Scout Council. Chairs, for use of the musicians during the concert, are to be transported from Irvinedale School. Announcement was made today

## Retail Prices of Pork, Eggs, Chicken and Potatoes Move Higher During Week

By The Associated Press  
Retail prices of pork, eggs, chicken and potatoes moved higher in many stores this week. The only foods generally lower were a handful of fresh fruits and vegetables.

Most fresh cuts of pork advanced, with some of the more popular items like center-cut chops rising as much as 8 cents or more a pound. Smoked hams and shoulders and bacon rose less or held unchanged.

Pork usually is relatively expensive at this time of year when hog marketings are on a small scale. A few dealers said recent quarantines of some stockyards to halt the spread of a disease which affect only hogs also may have helped tighten supplies.

Top grade large eggs climbed 1 to 8 cents a dozen, also reflecting a season shortage as hot weather thinned their laying flocks of older birds and replaced them with younger pullets. Pullet eggs were more plentiful and in many markets showed almost no change from a week ago—which means they usually were a good buy, pound or pound, compared with large eggs.

Butter prices at the wholesale level edged higher as more milk was diverted to fluid channels and ice cream manufacturers. Wholesale prices said their prices were getting too close to the retail level and that retail stores might well be forced to mark up consumer

prices by a cent or two before the week-end. Only scattered boosts were noted in stores by mid-week, however.

Broiler and fryer chickens were up as much as 8 cents a pound in some areas. This was partly the result of production cut-backs several weeks ago when prices were lower, and partly the result of higher feed prices stemming from the recent drought. Larger chickens advanced less, with supplies augmented by the birds shipped to market by farmers replacing their egg-laying flocks with younger chickens.

Beef, lamb and veal prices held at about last week's level except where storekeepers posted special reductions to attract customers.

The widespread drought of recent weeks was followed by heavy and persistent rains in many sections—too much rain for some areas.

Snap beans, blackberries and cauliflower were adversely affected and potato digging was delayed in many parts of the East, tightening the supply and pushing prices higher.

## Erie Makes Plans For Entertainment Of Elks Convention

Erie—Approximately 500 delegates and their wives from 126 Elks lodges in Pennsylvania are expected to attend the 46th annual convention of the state Elks Association in Erie, August 25-28.

George E. Goodill, general chairman, said reservations for more than 500 room accommodations have been made for visitors to the conclave.

Highlights of the conference will be a parade at 2 p. m. August 28 when some 800 to 1,000 persons are expected to march.

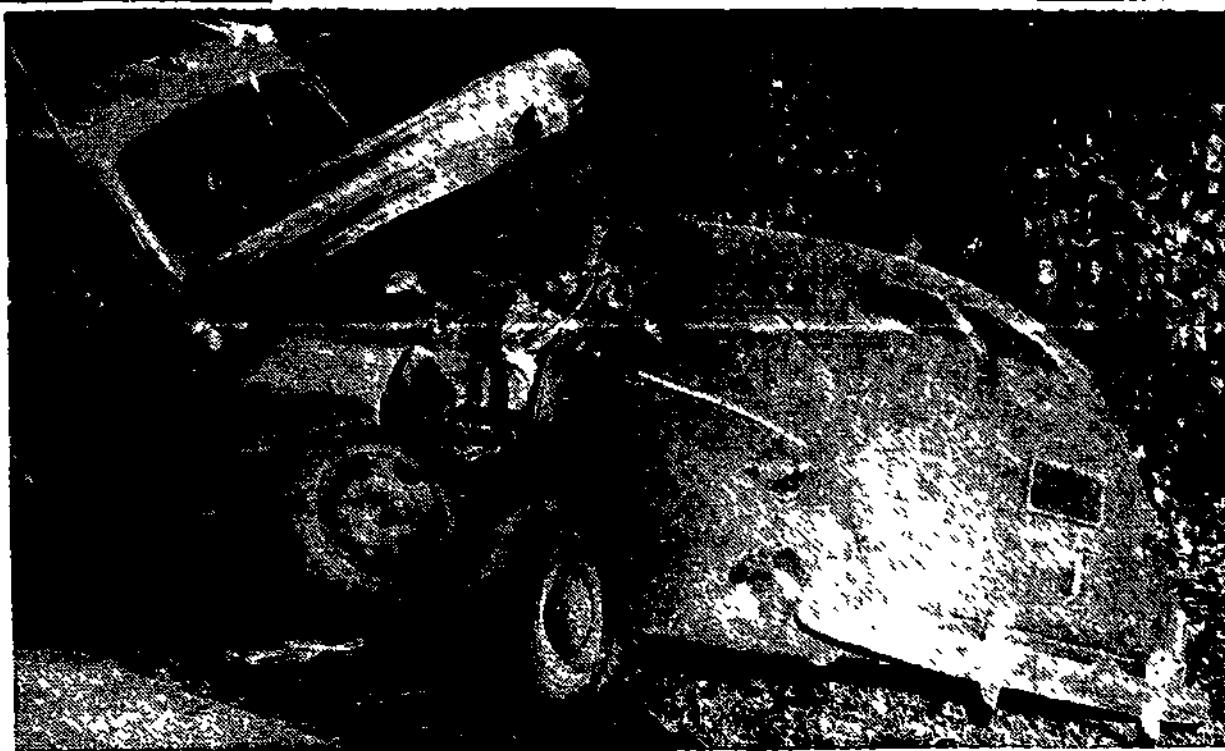

Convention headquarters will be in the Lawrence Hotel with many social and fraternal events scheduled in the Erie Elks club.

## 19th Reunion Of Old Sugar Grove Seminary Enjoyed

Sugar Grove—About 50 persons were present for the 19th biennial reunion of the old Sugar Grove Seminary, held Tuesday. A picnic dinner was served in the home economics house, followed by the formal meeting in the school auditorium, President Blanche Pickard in charge.

First item on the program was a chapel presentation as it was conducted in the early days of the seminary, with the faculty in the costumes of those by-gone days. Participating were Herman Lonsberry as Dr. R. J. White; Judge

and a ritualistic contest at 2 p. m. in the Moose Club.

At 10 a. m. Tuesday, Mayor Thomas Platley will welcome the delegates to the city at the initial convention session in the Lawrence Hotel. In the afternoon the ladies will attend a tea and style show.

Memorial services will be held at 11 a. m. Wednesday in the Lawrence Ball Room. The afternoon will be taken up by a picnic at Picnicana.

Thursday, installation of officers will be held in the morning and the parade in the afternoon. Entertainment will be held each night at the Elks club.

George Jude and Gertrude Smith Mosshammer, both in person; Jessie Berlin as Mrs. John Hill; Pearl Boardman Jude as Mrs. R. J. White; Dr. Herbert Mix as Professor John Hill; Carrie Firth Meredith as Helen Martin, and Mrs. Delmar Mickelson as Miss Amidon.

Mr. Lonsberry announced a favorite hymn of those days, "Come Thou, Almighty King", with Minnie Westrom at the piano and Mrs. Mickelson leading. After Mr. Lonsberry had read the scripture lesson, he welcomed old and new students and read the early seminary rules. Each Monday morning, he said, the roll would be called, with those breaking no rules responding "perfect"; the others, "not right". Those giving the latter answer were then required to report to a member of the faculty. Five demerits were given for leaving town without permission; one demerit for not attending church, one for not being in one's room at 8:00 p. m., ten demerits each for attending a public dance or playing cards.

Mrs. Pickard spoke in tribute to Dr. White and Prof. Senneff, who introduced athletics to the school, and Prof. Woodland. The secretary, Mrs. Mabel Dallas, read the names of those deceased since the last reunion: Daisy Slawson, Victor Allen, Gretta Hamilton, Warner Rexford, Bertha Carson, William Bovee, Harry Johnson, Maude Fidler Dyke, Hattie Bennett Clendenen, Grace Lovelace Clark, Jessie Daniels, Carrie Reist Hall, Mae Correy Williams, Jesse Broughton and O. E. Williams. Members stood in silent tribute and repeated the Lord's Prayer.

Mrs. Dallas also read letters from several unable to be present; W. L. Nuttall read a letter from E. V. Wilcox, Washington, D. C., and spoke on early seminary days, he and Judge Jude entering the school in its second year, 1885.

Mr. Nuttall made the suggestion that next year's meeting be held at the Pleasantville Evangelical United Brethren church, where Dr. and Mrs. White served and where they are buried in the nearby cemetery. A vote of the membership set the date for the second Tuesday in August.

Mrs. Pickard spoke of the faithful service of Mrs. Dallas, who has been secretary for 22 years.

Mrs. Roy Briggs announced the original pulpit from the chapel, the pulpit furniture, piano and organ have been taken to the United Brethren Memorial Building at Findley Lake Camp.

Several old school catalogues, programs, scrapbooks and other articles were displayed, while lovely flowers from the Mickelson garden decorated the stage.

Several members spoke briefly and it was recorded those coming the greatest distance were Mr. and Mrs. Robert Middleton, Denver, Colo.; Mrs. Margaret Simpson, Toledo, O., and Herman Lonsberry, Ossining, N. Y.

Nearly two out of every three drivers arrested on Pennsylvania roads for traffic violations are nabbed for speeding because they are potential killers, even though they may regard racing along the highways as an innocent sport or thrill, T. Elmer Transeau, state director of highway safety, declared today.

Emphasizing that speed is the worst killer of men, women and children in traffic accidents, Mr. Transeau urged Pennsylvania drivers to slow down before they kill or are killed in traffic accidents resulting from excessive speeds.

Mr. Transeau cited Pennsylvania's "most tragic accident" of recent years as an example of the killing power of the automobile when it is going too fast. Six young men, all employees of the Altoona railroad shops, were killed in an accident in October, 1950, as they were returning from work to their homes in Cresson. The car in which they were riding was pushed nearly 100 feet down the highway after it crashed head-on with a trailer-tractor. Both vehicles were a tangled mass of wreckage and more than an hour elapsed before the bodies could be removed from the passenger vehicle.

In 89 multi-fatal automobile accidents such as the one near Altoona, in which speeding generally causes the highway tragedy, 198 persons were killed on Pennsylvania roads in 1950, out of a total of 1,456 traffic deaths during the year. Last year 226 persons, out of 1,560 traffic fatalities in the state, lost their lives in 101 accidents in which two or more persons died. This year, in a single July fourth accident, five persons were killed on the Pennsylvania Turnpike near Donegal when one car crossed the center stripe and crashed into another car travelling in the opposite direction.

According to Thomas N. Boate, accident prevention department manager of the Association of Casualty and Surety Companies, about one in every six fatalities on the highways occurs in a multi-fatal accident, usually in head-on collisions.

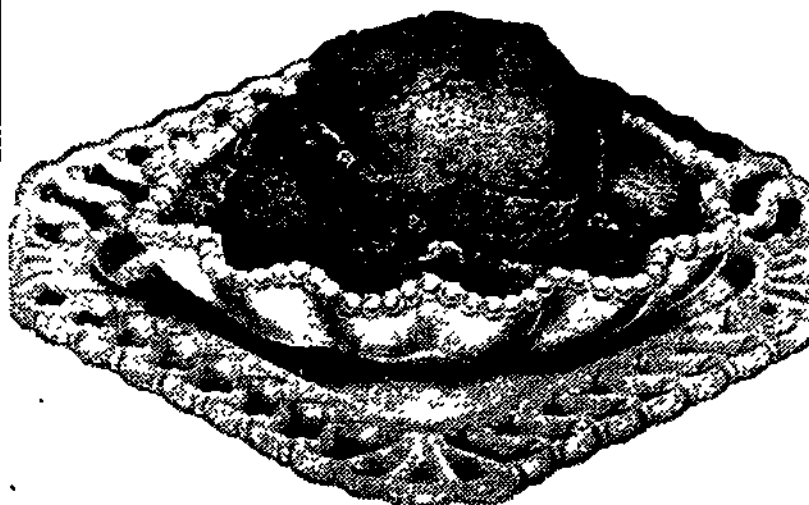

The human body contains 65 per cent oxygen, 18 per cent carbon, 10 per cent hydrogen, and 3 per cent nitrogen.

## POLLSTERS AT IT AGAIN

The Truman landslide which completely buried Dewey in 1948 also covered to the chin the country's top pollsters, the fellows who find out what everyone is going to do before he does it.

Some of them lost a lot of business as a result of having picked Dewey as a shoo-in. But they had company, and with so many people having been so wrong it was a case of forgive and forget.

Since the poll-taking business depends, for its very existence, on being right a good bit of the time, the pollsters have admitted their mistakes, overhauled their methods, and are set to have another go at it this fall.

Some of the principal pollsters, notably Gallop and Roper, have admitted one of their big errors was not continuing to sample voting sentiment right up to the time of election.

As a result they badly misjudged which way people would go who made up their minds at the last minute (a lot more went for Truman than was expected), and they didn't take into proper account that a lot of people would change their minds at the last minute.

As it turned out some things came up on the national scene at the last minute which changed a lot of people's minds. To take care of that possibility this year the poll takers are understood to be extending their probing right up to voting time.

Which is all very good and in the best scientific tradition. However, there remains with us a hopeful if ill-defined feeling that the American people will somehow forever defeat attempts to peg them down to the last decimal point.

Those voters who in 1948 refused to make up their minds until the last speech had been made, the last newspaper read, the last fact examined, will always dodge becoming somebody's reliable statistic. Here's to them.

## BEST IN MODERN-DAY ADVERTISING

Thirty years ago one of this country's big insurance companies, with a nice blending of good business sense and interest in the public weal, ran an advertisement in a national magazine on infant mortality.

That was the beginning of a national advertising program by the company which has produced dramatic results.

In keeping with the tone of its first ad, subsequent ones are notable for their good taste and restraint, but at times their subject matter has been dynamite.

For instance, as far back as 1928 the company brought out into the open the then virtually taboo subject of syphilis, from which millions of Americans suffered and from which an estimated 200,000 died each year.

Now, thanks to the new miracle drugs and an enlightened public approach to the disease, syphilis is no longer the scourge it once was.

Cancer still is a hush-hush word with many, but back in 1928 the company began running ads on the subject, advising people of the importance of early and competent diagnosis.

These health messages, ranging across the whole field of disease, represent the best in modern-day advertising, which too often has dipped far below our average national standards of taste and morality. And certainly the messages are a credit to the company which inspired them.

Just a reminder that local merchants affiliated with the retail division of the Chamber of Commerce are actually presenting a gala merchandise fair tonight and tomorrow. There are literally scores of worthwhile bargains as readers observed by scanning last evening's ad-news in the Times-Mirror. A close perusal of each advertisement and a listing of the shopping points for tonight and Saturday has been the procedure for thrifty housewives after thoroughly checking all pages.

An article outlining plans for reopening of schools Wednesday, September 3rd and the schedule for the 1952-53 term, which appears on another page of this issue, will doubtless impress many readers that the summer is slipping by far too rapidly. Due to the activities of such organizations as the Junior Chamber of Commerce, Kiwanis Club, Hot Stove League, Sunset League, etc., it will be a summer that will long be remembered for the variety of entertainment brought to residents of the area.

## "They Went Thataway"

## Here And There

Marga Schmitz, foreign student from Hanover, Germany, is making quite an impression on local citizens during her various appearances at service clubs, private functions and public gatherings, as well as in the homes that are opened to her and the English student, Kennedy Thom, during their stay here: If the students from abroad are enthused over what they are experiencing here it is nothing compared to the impression they are making on those persons who have the good fortune to make their acquaintance and hear their stories.

We had the extreme pleasure of listening to Marga when she talked to the Kiwanis club Wednesday and want to congratulate the young lady, not only on the subject matter discussed, but the excellent manner in which she presented it, including the question and answer period that followed.

Like an orator of the first school, she launched her discourse by complimenting the club, the town and the state, remarking that before she left Germany she was given to understand she would find Pennsylvania a pretty dirty place "because the state has only steel mills and coal mines." She did admit that she was unable to find a map that had Warren, Pennsylvania, pinpointed on it, and was a little concerned as to just what kind of a place she was going to visit.

It was interesting to hear her say that it was not the skyscrapers that interested her most when the students to America circled over New York, but the endless lines of automobiles, moving in each direction, and at the airport, the hundreds of cars that filled the parking areas. "We don't have cars like that in Germany," she said.

Of Warren she said "I like the town, it is so pleasant and wonderful, and everyone has been so nice, there is nothing in Europe to compare to your town and country." Referring to a visit to the Anderson Bakery she said "your women are spoiled by the sliced bread!" She said she was astonished at the way various foodstuffs are packed in paper and tin. "In our country," she said, "we don't have tinned dog food and tinned cat food, in fact we

have very little tinned food for human use." Marga enjoys the automobile rides she is getting here, "distances do not mean anything here," she said. Getting back to food, she said "I enjoy everything I eat here," you know in Germany we don't have hot dogs, hamburgers, coca cola, and things like that, although the people in Western Germany seem to have plenty of it. It is not the stable foods you have here." Other things that interest her, she said, were washing machines, electric razors, refrigerators, televisions, and drive-in theaters.

During the round table period that followed Marga engaged in discussions on such subjects as Socialism, racial equality, and communism, endeavoring to answer to the best of her ability the numerous questions directed to her by interested Kiwanians.

If Marga and Kennedy are having experiences that will never be forgotten they may both rest assured that there are hundreds of people in and around Warren who are profiting by their presence in the community. They are making it possible, as they enjoy the hospitality of Warren and its citizens, for local residents at the same time to learn first-hand information concerning their homelands.

Terse, Tart and Timely: Just in time for Dollar Days J. A. Johnson and C. L. McCarthy, have the front of their joint building, 346 Pennsylvania avenue west, newly painted and decorated for patrons visiting Mack's News Room and Johnson's Clothing store during the sales event. . . . Sentiment seems to be unanimous that sports lovers who were unable to be at War Memorial Field Thursday night for the Kiwanis-sponsored amateur and scholastic wrestling program issued one of the best entertainments of that type presented in the section for a long time, the bouts were interesting, competition of the keenest type, and the crowd enthusiastic and responsive. . . . Three local golfers are entered in the Moonbrook Member-Guest tournament, Bill Rice, Tim Creal and Dick Krapfel. . . . Three cars will be driving to Cook's Forest tomorrow for the meeting of Bishop's Men of the Erie diocese of the Episcopal church, in charge of Eldo DeLong, Howard Lemon and Jay Pees. . . . Dollar Day values continue through this evening and until the stores close Saturday. . . . The Warren County Motor Club is now doing business in one of the most attractive offices to be found in Warren, located at the corner of Market street and Pennsylvania avenue west; it would be worth the time to drop in, look over the new quarters.

## JUNGLE EP

The most still sleepers in the country between now and November will be postmasters and internal revenue collectors. They've been on their jobs so long they probably regard them as their own business. A change in administration might raise a little sympathy for the postmasters, but nobody loves a tax collector.

# Uniform Price For Milk Delivered In July Is Announced

New York (AP)—Dairy farmers will be paid a uniform price of 4.83 a hundredweight, 46.5 quarts, or July deliveries to 412 pool-approved plants in the six-state New York milkshed, A. K. Pollard, acting market administrator, has announced.

The uniform price for June was 3.93 a hundredweight, and in July last year it was \$4.23.

Pollard also announced a July producer butterfat differential of 1.6 cents for each tenth of a pound of fat above or below the 1.5 per cent standard.

The acting administrator said July fluid milk consumption was the highest for any month in the 4-year history of the federal-state milk marketing orders. It totaled 327,314,248 pounds, compared with last year's 307,543,413 pounds. The previous high was 322,543,801 pounds, set in July 1948.

Milk production for July was 323,225,475 pounds, compared with 334,485,823 for the same month last year.

Farm value of last month's production was placed at \$27,431,122.22, made up of \$26,985,663.07 at the uniform price and \$445,959.150 in butterfat and location premiums.

# Dentist Outlines A Proven Method Of Reducing Tooth Decay Of Warren Children

Dr. L. W. Krespan, Warren school dentist, explains to Mrs. Raymond Lowe, president of the Pre-School Mothers Club, that addition of fluorine to Warren water supply would reduce tooth decay of children by 40 to 65 percent.

"A proven method of reducing tooth decay of Warren children by about two-thirds and for giving them this protection throughout life has been proposed to Warren Borough Council," says Dr. L. W. Krespan, Warren school dentist. "Addition of fluorine to the city water supply would bring this reduction." Dr. Krespan was interviewed by a committee from the Pre-School Mothers Club.

Council gave the petition to add fluorine to the city water a sympathetic hearing at its latest meeting and asked Councilman Brackett Aryes of the public service committee to secure complete cost figures in order to consider the item in the 1953 budget.

Dr. Krespan explained that dental decay is perhaps the most widespread of all diseases. The nation's children receive only about a third of the fillings they require. Two-thirds of their cavities are neglected. The average child of three years has from five to six cavities.

The average youth of sixteen has nine decayed teeth and has lost several teeth. Dr. Krespan says he has had to make dentures for children of twelve and thirteen years. Similar experiences in their practices could doubtless be reported by every dentist practicing in Warren. Dentists estimate that without preventive dental health

measures, this generation of children will have lost half their teeth before the age of 40.

Considering these facts, he says, it is easy to understand why hundreds of communities are adding fluorine to their water supplies in order to reduce tooth decay in children by from 60 to 65 per cent. According to the recent report of the American Dental Association, an organization composed of the nation's dentists, 300 cities and towns have added fluorine to their water supplies. But this number may be changed by tomorrow, for the number of communities giving their children this dental health advancement is growing rapidly.

The American Dental Association estimates that by the end of this year, 35,000,000 Americans will be drinking water to which fluorine has been added. Cities in this region which have added fluorine or plan to add it in the near future are Pittsburgh, Reading, Philadelphia and Buffalo.

"I would like to see the children of Warren as well receive this benefit," says the dentist who examines the teeth of the Warren school children. Dr. Krespan says that in order to get the full two-thirds reduction in decay, a child must drink fluoridated water from infancy through the teens. The older the child when he encounters water containing fluorine, the less benefit he gets. But the fluorine is of some benefit as long as the teeth are forming, a process that continues into the teens. Resistance to decay lasts throughout life.

Questioned concerning other effects of fluorine on the human body, Dr. Krespan explained that for generations over three million persons in this country have been living in areas where drinking water naturally contains fluorides in concentrations as high or higher than that recommended for dental health. Many studies have been conducted among these persons by competent investigators over a period of 40 years to establish the safety of this practice for which nature itself set up the control group.

Every major health group in the nation has attested to the safety of fluoridation. Included are the American Dental Association, American Medical Association, American Public Health Association and the United States Public Health Service. Locally, fluoridation of Warren water has been approved by the Warren County Dental Society, Warren County Medical Society and the Warren Borough Board of Health.

The Pre-School Mothers Club plans two additional articles in the Times-Mirror on fluoridation in order to discuss engineering and financing of the measure. The club which is co-operating with the Warren County Dental Society wishes all who approve fluoridation as a means of better dental health for Warren children to so inform their councilmen, Council President William E. Rice or Brackett Aryes, chairman of the public service committee.

Strictly speaking, only the male of the peafowl should be called a peacock. The female properly is called a peahen.

**"I Love Lucy" adopts Henry J**

Lucille Ball and Desi Arnaz... stars of "I Love Lucy," America's No. 1 TV show, are joyous owners of a new Henry J, America's No. 1 buy! Dashing as a sports car, roomy enough for six, it's the last word in styling today. Yet it saves you hundreds of dollars when you buy it, and hundreds more as you drive. Its famous penny-a-mile economy was proved when the Henry J won the Mobilgas Economy Run with 30.85 miles a gallon. See it at your Kaiser-Frazer dealer's today!

Will you be able to save when you are making more money?

The size of the income is not the primary factor in this problem. One depositor who never made more than two hundred dollars a month left, at a ripe old age, an estate of over twenty thousand dollars. On the other hand a vice president of a large corporation, making in excess of \$25,000 a year, except for the Government bonds which the company had held out and the insurance it provided, left more current bills than assets.

Don't wait until your "ship comes in" to begin to save. If you can't save now, you never can. Heave to and steer for the port of success by determining to save 5%, 10% or some certain fraction of your salary, beginning the very next pay day.

# YOUR FORESTER

L. E. Stots

The normal fire seasons, on the Allegheny National Forest, occur in the spring of the year, and again in the fall, coinciding with the periods when the trees are either entirely free of leaves, the foliage only partially developed or beginning to fall off.

Anyone strolling underneath the closed crowns of the forest trees can appreciate the tight roof they form between the drying action of a summer sun, and the ground beneath. The lesser vegetation that is able to survive under this dense shade also aids in "fire-proofing" the forest floor during normal summer weather. Every leaf in the trees above, and in the tree seedlings and annual plants below, gives off enough through transpiration, or plant sweating, an appreciable amount of moisture. This moisture helps to maintain a humid atmosphere in the forest which is a deterrent to fire.

As soon as large openings develop in the umbrella-like crowns of the timber, either through heavy overcutting, clear cutting or through localized wind-throw, sufficient sunlight is let in to create burning conditions even in the summer months. The resultant slash from overcutting soon dries out beneath the open sky, and can sustain a hot fire even though adjacent undisturbed forest may be relatively fire proof during the summer.

In the oak type, the crowns of the trees admit more light to the forest floor than in the beech-maple-cherry-hemlock stands type. Since the oak type usually occurs on dry ridges, and south exposures, which are usually deficient in moisture, off season fires can occur even when the crowns are left undisturbed. The oak type is the last to develop its leaves to full maturity in the spring and during the summer has less leafy undergrowth to slow up the spread of a fire. The oak stands were also once the home of the chestnut and white pine, and the ground is often covered with the remnants of blight killed trees and half rotted white pine stumps which make a hot fire if someone is careless.

On August 1st, the Northern District of the Allegheny had its fifteenth fire of the year. This one occurred in the oak type on a ridge top that drains into Morrison Run. It is believed to have been caused by a careless smoker hiking through. This four-acre fire burned around some old wells destroying some of the chestnut tripods holding up rod lines. It also burned off the layers of leaves and humus down to mineral soil affecting the water holding capacity and fertility of the forest floor. Many rotten stumps and chestnut logs caught fire and were very difficult to put out even with water.

This was a typical late summer fire with several times the man hours required to put it out than would have been required on a fire of similar acreage in the spring when only the surface usually burns.

Such "out-of-season" fires demonstrate why an aggressive fire prevention campaign is necessary at all times when the ground is free of snow. It is very easy to assume that, because there is abundant green foliage everywhere over the hills, nothing can burn.

When the passage of a car over an unsurfaced road causes a cloud of dirt to hide its passage, when streams such as Morrison Run dwindle down to a scarcely visible trickle; when the hard-packed dry ground fails to yield to the hiker's heavy boot, and when lawns and pasture turn brown, it is time to realize that many places on the forest can and will burn if someone is careless. I hope no one is!

## Peggy Litzinger Is Saturday Bride Of Charles R. McFate

A candlelight service performed at 7:00 p. m. Saturday, August 9, in the Grand Valley Evangelical United Brethren church, united in marriage Peggy Anne Litzinger, daughter of Mr. and Mrs. R. H. Litzinger, Torpedo, and Charles Raymond McFate, son of Mr. and Mrs. Charles Carlson, Titusville.

The Rev. David Ostrander read the service before an altar decorated with pink and white glads and candelabra.

Given in marriage by her father, the bride wore a full length white gown and matching mitts, with her three-quarter length veil attached to a seed pearl coronet. Her white Bible was covered with a white glamelia and showered with white pom poms in ribbon streamers.

Her sister and only attendant, Sondra Litzinger, wore a pastel green gown, with matching hat and mitts, and carried a colonial bouquet of pink glads tied with matching streamers.

Gary McFate was best man for his cousin; ushers were Charles K. Lawrence and Richard Litzinger, brother of the bride.

Mothers of the principals chose navy attire, Mrs. Litzinger wearing red carnations; Mrs. Carlson, pink carnations.

Sixty relatives and friends were entertained at the reception which followed in the Litzinger home, where a four-tiered cake centered the bride's table and aides were Mrs. Walter Kepple, Mrs. Frank Spinks, Mary Ann Lucas, Shirley Hubert and Donna Rhinehart.

Following a wedding trip to an undisclosed destination, Mr. and Mrs. McFate will return August 16, to be at home to friends at Torpedo. The bride traveled in a navy suit, pink accessories and her bridal glamelia.

Honoring the bride-elect with parties have been Sondra Litzinger and Donna Rhinehart; June Holcomb and Mrs. Frank Spinks; Mary Ann Lucas and Shirley Hubert.

## Perkins And Sherrard Marriage August 9th

Sugar Grove—Shirley Ruth Sherrard, eldest daughter of Mr. and Mrs. Clarence Sherrard, and Herbert LeRoy Perkins, son of Mr. and Mrs. LeRoy Perkins of Bear Lake, were united in marriage in the local Methodist church on Saturday, August 9, with the pastor, the Rev. Palmer N. Taylor, performing the ceremony in the presence of parents of the couple.

The bride was attired in a light green suit, with her sister and only attendant, Barbara Sherrard, wearing a blue suit. Each had white accessories.

Mr. and Mrs. Perkins will be at home to friends after September 1st at Ashville, where the former will be employed. Their wedding trip took them to Watkins Glen and the Finger Lakes area.

Both young people were graduated from Sugar Grove-Farmington High School in 1952. The bride has been employed by the Associated Telephone Company in the local exchange and, since her graduation, by the Jamestown Telephone Company. The bridegroom is employed with his father in operation of the Perkins farm.

## Widely Traveled Gospel Musician Giving Program

The originator of "Visual Music", Herb Jahn, organist and accordionist, will present a special gospel musical in Calvary Baptist church at 7:45 p. m. Thursday, August 21.

Mr. Jahn, who is being brought here by the Warren County Youth for Christ, features a black-light presentation of the popular hymn, "The Old Rugged Cross". His free musical program will also include "Onward Christian Soldiers", Mr. Jahn's interpretation of "A Personal Walk With the Master", and many others.

During his early years, Herb Jahn was a member of a dance band, but at 17 he began to devote his talents to the Christian musical ministry. His travels have taken him to Cuba, where he was staff organist for the island's largest radio network, CMQ. He has traveled throughout the United States, playing his electric organ, electric accordion and other instruments, and at present lives in Toledo, O.

He has made many radio and television appearances, along with recordings under the Santivos label, and is author of a hymnal, "Modern Hymns for the Christian".

First suffragette rally in America, called the "petticoat rebellion", was staged in Alabama in 1714.

### Don't Baby Father So Much Children Can't Enjoy Family

HAS earning a living for a family become such a tough, nerve-wracking job that it is a wife's duty to protect her breadwinner from the noise and demands and healthy exuberance of their children? That's the question posed by a reader's letter. She writes: "My husband says he is too exhausted at the end of the day to put up with the noise and confusion of children. So at his request I have been giving the children their dinner before he gets home from work, and putting them to bed before we have our dinner together."

"On Saturday afternoon he gets away from the children by playing golf. And on Sunday I am under a constant strain trying to keep them quiet while he reads, listens to the radio or naps."

"This kind of setup may make life more pleasant for my husband, but it is getting to be a strain on me. And the kids might as well not have a father, for all they see of him."

#### JUST KEEP CHILDREN FAIRLY QUIET

IN trying to make things easy on the breadwinner, it is possible to shield him too much from the stresses and strains of family living. Certainly when a wife starts shielding him from his own children she is pampering him too much.

Rather than whisk the children out of sight when Papa turns in the drive, a woman would be wiser to see to it that the children are reasonably quiet—if the father is tired out—and that they eat at the family dinner table with their parents so long as they behave themselves.

Setting aside one or two evenings a week when the parents have a quiet dinner after the children are in bed is a good idea.

But it shouldn't be an every-night routine. Even though they may work hard to earn the family's living, men shouldn't have to be babied to the extent that their children can't enjoy natural family living.

#### FAREWELL VESPER

First Lutheran parish extended its best wishes to Pastor Edward K. Rogers and his family Wednesday evening in a vesper service and farewell held in the church.

Instead of the usual sermon, informal talks were given by W. E. Yeager, member of the board when the pastor first came to Warren, and Karl G. Timm, who is vice president of the church council. In his response, Pastor Rogers expressed his own and family's appreciation and recommended very highly his successor, the Rev. Frederick B. Haer, who comes from Ambridge.

Arrangements for the evening were in charge of Ivan Brumagim and Charles Cable, with the latter presenting to the Rogers family a sizeable gift of money, contained in an attractive wallet. Flowers were presented to Mrs. Rogers and daughters, Jane and Rebecca. A third daughter, Mary Louise, is at Camp Lutherlyn, and was not present for the party.

Concluding the evening, punch and cookies were served in the church parlors, Mrs. Karl Timm and Mrs. Curtis Goodwin officiating.

#### NAMES OMITTED

Inadvertently omitted in the report of the Mahan family reunion, published on Wednesday, were the names of the Rev. and Mrs. Gustav Erickson, who were guests at the gathering.

#### STARTED SHOE SWITCH

## Visiting Gospel Team

Ether Mae Cooper Wyrick, singer for the Army and Navy during World War II and the only person in America who bears the endorsement of the Chief of Chaplains in Washington, D. C., with her husband, Paul, will compose the gospel team featured in a one night service at the Assembly of God church, 300 Fourth avenue, 7:30 p. m. Monday. The Rev. Alan Baker, local pastor, and members of his parish consider it a privilege to have the Wyricks in Warren and cordially invite all who are interested.

Mrs. Wyrick is one of the best known women evangelists in the Assembly of God denomination, as well as having had such a wonderful ministry in veterans' hospitals during and since World War II. She and her husband have traveled in a number of Latin American countries, Alaska, and from coast to coast in this country. They

have recently come from services in Patterson, N. J., Washington, D. C., and Key West, Fla.

## Guest Speaker At St Presbyterian

The Rev. D. Hobart Evans, pastor of the Presbyterian church in Hyattsville, Md., will be guest speaker at the 11:00 a. m. service Sunday in First Presbyterian church. His topic will be "A Change of Worlds".

Mrs. E. R. Sanford will sing "Love Is Of God" by Ernest Charles; and the quartet's anthem will be "I Will Lift Up Mine Eyes" by Rogers. For her organ numbers, Stavroula Fanos has chosen "Cathedral" by Pratella and "Prayer" by Guilman.

At 10:15, under the direction of David Potter, there will be an audio-visual program in the dining room for all church school classes and departments that care to participate. Pictures will be taken from the "Two Thousand Years Ago" series, with the theme "The Home".

The day's special guest, Rev.

Evans, is a graduate of Bucknell University and Princeton Theological Seminary; and has held the pastorate of the Hyattsville church for 26 years. During that time, he has directed the young people's conferences throughout the east and has been moderator of Washington City and of the Synod of Baltimore. He is the father of David Evans, local radio announcer.

### LUBOLD FAMILY

Sunny Side Farm, home of Mr. and Mrs. E. R. Wilcox, was the scene of a happy gathering of the Lubold family, August 10, with 20 relatives and visitors present from Salamanca, Erie, Franklinville and Warren. Tables were set in the dining room and parlor and visiting was the order of the day.

### SCANDIA GRANGE

All members are urged to be in attendance for the regular meeting of Scandia Grange, to be held at 8:30 p. m. Tuesday in the Grange hall.

## 50th Anniversary of George Hansens

Celebrating their golden wedding anniversary on August 2, Mr. and Mrs. George M. Hansen held a delightful open house for relatives and friends at their home in Market street extension, according to the following belated account of the affair:

George Maurice Hansen, son of Nels and Maren Hansen, Cobham Park road, and Ethel May Brown, daughter of James and Catharine Brown, Clarendon, were united in marriage August 1, 1902, in the parlors of the Everetts Hotel at Jamestown, N. Y., by the Rev. James W. Toureson, pastor of the Lutheran church of Jamestown. Attendees were Lottie Ellsworth and Ella Breneman, both of Jamestown, N. Y. To this union were born 11 children, 30 grandchildren, and eight great-grandchildren.

A beautifully decorated anniversary cake and ice cream were served to about 100 guests from Warren, Sheffield, Stoneham, Titusville, Clarendon, Bradford, Andover, Greenwood, West Union, Canisteo, and Castile, N. Y.

A highlight of the event was an evening telephone call from James D. Hansen, Tucson, Ariz., youngest son of Mr. and Mrs. Hansen, who was unable to attend.

The honored ones were recipients of many lovely gifts, as well as a purse of money.

### EIGHT COUPLES HONORED AT SERVICE

Russell—Eight couples who have been married over 50 years were specially honored in the Golden Jubilee service held in the Methodist church: Mr. and Mrs. Ralph Brown, Warren; Mr. and Mrs. Bert Fox, Fox Hill; Mr. and Mrs. Roy Marsh, Mr. and Mrs. Henry Sears, Mr. and Mrs. Arthur Fehlman, Russell; Mr. and Mrs. Archie Brown, Torpedo; Mr. and Mrs. Lyle Porter, Thompson Hill; Mr. and Mrs. Arthur Potter, Akeley.

A special quartet selection was given by Mrs. Chester Anderson, Mrs. Robert Mack, Mrs. Willis Phillips and Mrs. Harold Granquist, and gifts were presented to the honored ones.

In the evening, a group of 15 colored singers from Jamestown presented a very pleasing musical program.

### PERSONAL ITEMS

Mrs. Charles McConnell, Kenmore, N. Y., is stopping over in Warren for the weekend enroute to Sewickley, where she will join her family for a vacation period with Mr. McConnell's parents.

Mr. and Mrs. Donald Adams and son, Johnny, of Edgewood, N. J., are vacationing at the home of Mrs. Adams' parents, Mr. and Mrs. H. D. Harris, 31 Buchanan street, and with Mr. Adams' family in Kane.

## DAR Planning Annual Outing Next Thursday

General Joseph Warren Chapter, Daughters of the American Revolution, is completing plans for its annual picnic, to be held next Thursday, August 21, at Cinderella Lake, which received its name in memory of the chapter's founder, Mrs. Cinderella Walker.

Luncheon will be served at 12:30 o'clock and members are asked to bring tureen, rolls and table service for themselves and guests. Those who desire transportation to the picnic site are asked to call Miss Boba Cole, 802-R, or Mrs. W. G. Cable, 1614-J.

All who enjoyed the delightful picnic last year at this attractive rural spot will be eager to come again and bring friends to enjoy the beautiful setting.

### SWAN JOHNSON FAMILY

The 28th reunion of the Swan Johnson family was held at the Luther Johnson camp at Wrightsville, entertained by Mr. and Mrs. Fred Jones, Jamestown. The 20 adults and nine children in attendance included a special guest, Rev. C. J. Franzen, pastor of Berea Lutheran church.

The business session was conducted by President Fred Jones and the following were elected as officers for the coming year: President, Fernel Johnson, Youngsville; vice president, Raymond Johnson, Warren; secretary, Joyce Wolfe, Pittsfield; treasurer, Arthur Johnson, Youngsville. The gathering next year will be held at the home of Mrs. John Wolfe.

### WCTU ELECTS

Russell—Mrs. Martha Houghwot was hostess for the regular meeting of the WCTU, with 12 persons attending. Mrs. Arthur Briggs, Jr., the vice president, was in charge of the session, with devotions and a Bible quiz in charge of Mrs. Lyle Russell. Mr. Edgar Lasher was reported a patient in the WCA Hospital in Jamestown.

The election of officers resulting in renaming of the following: Mrs. R. W. Hammar, president; Mrs. Arthur Briggs, Jr., vice president; Mrs. Martha Houghwot, secretary; Mrs. Eugene Spencer, assistant secretary; Mrs. Henry Sears, treasurer; Mrs. Leslie Putnam, assistant treasurer.

A discussion on fund-raising followed and it was announced Mrs. Algot Lundgren will have a tea at her home some time in October. Mrs. Hammar assisting her with the arrangements. It was also reported the county convention will be held in Sugar Grove some time in October.

To conclude the session the hostess served refreshments.

### ENTERTAIN CLASS

Sugar Grove — Mrs. Conrad Youngberg and Mrs. J. F. Lore were hostesses to the Try Company Class of the Presbyterian church, entertaining 15 members and guests at the former's home. Devotions were conducted by Pearl Thomas and Mrs. Norman Abbott presided at the business session.

Committees were appointed for an auction sale the group will sponsor in late September, and all were asked to meet at the church at 1:30 p. m. next Wednesday to join in a cleaning bee. Mrs. J. A. McIntosh and Josephine Ricker will be the hostesses for the September meeting.

Concluding, the hostesses served refreshments.

### RUSSELL PARISH HOLDING PICNIC

Russell—Members of the Methodist Sunday school will hold their picnic tomorrow at the school grounds, starting at 2:30 p. m. There will be games for the children, in charge of Mrs. Benton Baintow and Mrs. Scott Phillips, with prizes for the winners. The dinner will be served at six o'clock, the committee providing beverages and ice cream.

## Paden-Weldon Marriage On July 3rd Announced

Mr. and Mrs. Kenneth Weldon, Grand Valley, have announced the marriage of their daughter, Joyce Maxine, to Glenn O. Paden, son of Mrs. Lena Paden, also of that place, in a ceremony performed July 3 at Yuma, Ariz., by the Rev. William Spears.

Mrs. Paden, graduate of Youngsville High School and of Edinboro State Teachers College, is a member of the faculty of Youngsville High.

Her husband, also a Youngsville High School alumnus, was employed by the Irwin Manufacturing Company prior to his enlistment in the U. S. Navy. He is serving in Japan aboard the aircraft carrier USS Boxer, and his bride will make her home with her parents for the present.

## Republican Women Are Entertained at Picnic

Sixty members of the Warren County Council of Republican Women attended the picnic-meeting held last evening at the summer cottage of Mr. and Mrs. G. R. Ball near Garland.

After enjoying a delicious meal, the meeting was opened by Mrs. George C. Sarvis, who explained the state president's project, consisting of a new home for the Council in Harrisburg.

Mrs. Sarvis introduced Mrs. Howard Casey, who discussed the work planned during the coming fall election, and read portions of the platform adopted at the recent Republican convention in Chicago.

Representatives present from the various districts were furnished supplies to be used in the registration drive that is planned.

Mrs. Harold Jordan requested that complete reports on membership be submitted at the next meeting.

### WHITE REUNION

The 53rd annual reunion of descendants of David and Esther White, who settled in Grand Valley in 1841, was held at Island Park in Youngsville, with 73 persons in attendance.

The picnic dinner at 1:00 p. m. was followed by a business session and election of the following officers for 1953: President, Joe White, Titusville; vice president, Dana Larimer, Berea, O.; secretary, Grace Miller, Warren; treasurer, Lila Knapp, Celoron, N. Y. Oldest person present this year was Zenobia Chappel, 81 year old Grand Valley resident. Since the last reunion, there have been two marriages, five births and three deaths. These last were Mrs. Eva Ohlson, Warren; Mrs. Cora Proper Wright, Gary, Ind., and George Chappel, Endeavor.

It was voted to hold the 1953 reunion at the same place on the second Sunday in August.

### FITZGERALD FAMILY

The annual reunion of the William S. and Anna Fitzgerald family was held at Wildcat Park at Ludlow, with a ham dinner served at noon to relatives and friends from Buffalo, Erie, Jamestown and Warren.

A business session conducted by the president, Mrs. Harry Wilson, Jamestown, included election of the following officers: President, Lee Fitzgerald, Buffalo; vice president, Arnold Duntfee, Erie; secretary-treasurer, Joyce Redfield, Jamestown.

## BARNES

Rachel Barnes, R.N. of Warren, spent several days last week visiting the home folks.

Mrs. Marie McDannell and Mrs. Eva Goldin, Spartansburg, were guests at the home of Mr. and Mrs. W. T. Hoyer and Mrs. W. D. Barnes Sunday. Mrs. Barnes accompanied them back to Spartansburg to spend a few weeks with her sister, Mrs. Delia Goldin, who is ill.

Mr. and Mrs. Walter Harwood and daughter, Carolyn, Alexandria, Va., visited her parents, Mr. and Mrs. B. S. Cook, from Friday until Tuesday. Another daughter and family, Mr. and Mrs. Leon Roberts and daughter, Beverly, arrived Sunday and will visit until Wednesday. The entire party, with Mr. and Mrs. Cook, enjoyed a family dinner at the home of Mr. and Mrs. Gordon Titus in Warren Monday evening.

## Annex Theater Players Commended For Fine Performances in "Charley's Aunt"

After the first performance of "Charley's Aunt" at the YMCA Annex Tuesday night the word evidently spread through Warren that here was a production that should be seen by all who enjoy a fine comedy presented in a delightful manner by a capable crew of actors.

The Annex was crowded to capacity on Wednesday and Thursday nights to see the Arena Theater's final show of first summer season. Those who attended the last two evenings were apparently no less entertained than the first nights for the comments of many indicated that "Charley's Aunt" was the funniest play to be given locally in a long time.

The unusually strong cast of ten persons was headed by Bill Hill Jr., in the difficult role of impersonating a lady from Brazil. Bill delighted audiences with his portrayal of the villain in last month's "East Lynne"; his performance this week was equally effective and entertaining and his rendition of the hit song "Once In Love With Amy" was one of the show's highlights.

Seldom does one find a local amateur group whose cast is so well balanced and so evenly matched as the one which performed "Charley's Aunt." Each member of the ten characters lent solid support to the rest of the cast with a resulting production that ran smoothly and quickly through two hours of almost solid laughter.

Frank Mitch and Frank Johnson played the two college boys whose romantic problems are responsible for the story's plot; their sweethearts were portrayed by Dorothy Benson and Norma Haight. Bob Dietsch and Jack Gay as more elderly gentlemen opposed each other for the affection of Charley's aunt; and Dr. Anita Uhl and Janet Cannon further complicated the plot with their arrival from Brazil. The cast was rounded out with George Cunningham, Sr., as the college butler.

"Charley's Aunt" is essentially broad comedy throughout but there were some quiet moments too, which were played with great appeal by those concerned. For

### Bible Words to Live by

The finest definition of religion ever given is in the forty-sixth Psalm, verse ten, "Be still, and know that I am God." This is my favorite verse because it speaks to both me and my time.

We identify life with motion. We don't believe we are living unless we are moving. We are worshippers of the great god Whirl. We shoot past life without touching it, and gulp it down without savoring it. We live in a mosquito swarm of things to do. This verse, spoken as a revelation from the mouth of Almighty God, calls me to quiet, to unity of soul and reflection of mind.

"Be still . . ."

And out of the stillness I enter into the promise ". . . and know that I am God." Today we are so self-conscious and other-conscious. How many of us are God-conscious? He's so distant and unreal; the "balance of the probabilities", "the grand Perchance", "the great Maybe". As I am contemptively still I know God and there comes to me new courage, faith and competence.

In this day of uncertainty, dread and division we need the knowledge of God:— God maturing in the mind, growing in the soul, expanding in the experience. Here is the way: "Be still, and know . . ."

Dr. James W. Clarke

Wednesday will be followed by a Men's Chorus rehearsal at 8:35.

### Why King Saul Failed

BY WILLIAM E. GILROY, D. D.

THE story of King Saul, first King of Israel, is not just the tragedy of an ancient king. It is a story that has been reenacted again and again in the history of both kings and commoners, and the cause has been their lack of self-discipline.

The evidence in Saul's case, especially in his actions toward David, would seem to suggest that Saul had gone mad; but if so, it would also seem that that madness developed out of a jealousy that Saul could have controlled, if he had exercised determined self-discipline.

The Bible has its rich account of wise and great women, but if one wanted an example of foolish and thoughtless women, it might surely be in those women, who hailed young David from his giant-killing, with their silly song, "Saul hath slain his thousands, And David his ten thousand."

Praise of David was worthy, but why should it have been necessary to humiliate a King and warrior, who had been chosen to be a military leader of his people? The song struck in his humiliation at Saul's weakness, and aroused that jealousy that became his undoing.

The average man might well have reacted similarly in such a situation, but how differently, great-souled, magnanimous man, like Abraham Lincoln, would have reacted!

With the greatness of Lincoln now universally acknowledged, we are apt to forget the savagery of the attacks of his enemies in presidential days, and the humiliating condescension, sometimes amounting almost to scorn, with which some of his associates regarded him.

But Lincoln pursued his course with unweakened calm. He refused to be humiliated. No trace of smallness or jealousy marred his character and career. If Lincoln had been in Saul's place, he would have joined in the acclaim of the young David, and have gone about his kingly tasks and duties as if nothing had happened.

Saul, himself, in fact had shown greater strength and wisdom, when, at the outset of his kingship, opposed by "men of Belial," he had held his peace.

So, the story of Saul presents a great warning, just as the story of Lincoln presents a positive example of guidance in avoiding the pitfalls of jealousy.

There are circumstances in life under which we cannot help "feeling sore," and often our resentment may have very just cause. Not only do we often fail to get our proper deserts, but we are fortunate if we are not the object of unfair, humiliating criticism, and discouragement.

# Salamanca Will Be Headquarters For Air Force Survey

John Newmaker, commanding officer of the local VART Squadron, has received word that a team of 10 officers and airmen of the 1. 8. Air Force will start operation of a reserve inventory program at the headquarters of the VART in Salamanca about September 21. Announcement to this effect has been made by Lt. Col. John G. Krieger.

Known officially as an "inventory of Air Force Reserve personnel resources," the program is being conducted to determine the actual personnel resources of that service.

Approximately 500 reservists from six area counties, including those in Warren, will spend a day in Salamanca in connection with the survey.

In the meantime, work goes forward on the local flight's new headquarters adjacent to the Warren Airport.

# Shakespeare Gets a Plug From a Mug

AP Newsfeature  
COMEDIAN Jerry Lewis thinks he'd make a great Shakespearean actor. Taking time out during the filming of his "Jumping Jacks," Jerry dreams of the moods he could dramatize for the Bard's lines. Here are some:

"HOW NOW, you secret, black, and midnight hags!" (Midsummer Night's Dream)

"LET'S HAVE one other gaudy night!" (Antony and Cleopatra)

"SOMETHING is rotten in the state of Denmark." (Hamlet)

"ET TU, Brutus!" (Julius Caesar)

"IS THIS a dagger which I see before my eyes?" (Merchant of Venice)

# Starbrick Citizens Decide to Complete New Street Project

There was a good turnout of enthusiastic residents at the meeting of the Starbrick Community Association held last evening in the church basement to discuss ways and means for completing the Green avenue project. As a result of the discussion on the subject a plan was adopted to purchase property required to extend the street through to Yankee Bush road, past the school.

This will provide a street for children to walk over in getting to and from school, without walking on the much-travelled and dangerous U. S. Route 6.

In the absence of the president Albert Toner, the secretary, Robert Smith, presided. In addition to the street project there was a discussion about a new school director from Starbrick to succeed Ray Miller who has resigned as a member of the Conewango township board.

The new street to parallel Route 6, known as Green avenue, when completed, will extend from Weiler road to Yankee Bush road. There are six other streets or alleys leading into the thoroughfare. Plans were completed to buy the required property to finish the project and it is expected that it will be open soon.

## Details for Sugar Grove Fair Mapped

Sugar Grove—Further details for the 1952 fair on September 11, 12 and 13 were ironed out by directors of the Community Fair Association at their regular meeting.

Harry Bergstrom, presiding, announced the Sugar Grove Volunteer Fire Company will be asked to have its fire police on hand to take charge of parking.

Fred Bauer presented tentative arrangements for an auction to be held following the Horse Show Saturday afternoon. This project will benefit the Athletic Association and everyone in the community will be asked to make a donation.

F. A. Schoonover and Travers Stohberg were asked to have the Boy Scouts sell booster tickets for the fair association on a percentage basis.

Superintendents and all committees were appointed and it was reported the fair catalog will be in the hands of the printer today.

Entertainment for the opening night of the fair will be in the form of an Amateur Night and Talent Show, featuring Slim Schenk and the Night Hawks, and an old time barbershop quartet.

On Friday evening, Chuck Tranter and his company will be highlighted in a Carnival of Magic. There will be two performances, 8:15 and 9:45, each evening.

## FIREMEN AT SUGAR GROVE HOLD MEETING

Sugar Grove—Donald Barrett presided at the monthly meeting of the Sugar Grove Volunteer Fire Department, when the group voted to participate in parades to be held at Jamestown, North Warren, and Lancaster, N. Y.

Committees appointed for the coming community fair were: Parade, Stuart L. Andersen and Howard Curtis; food, John Kolick; dance, John Abbott, Clarence Sherrard and Conrad Youngsberg; concessions, Rudy Burkholder and Carl Allen; lights, Lee Johnson, Laurence Dalrymple and Earl Capron.

The 37 members and three visitors expressed appreciation of the new lights placed in the social rooms by Conrad Youngsberg and Alden Abbott.

Reports for the month showed only one alarm responded to during July.

Following the meeting, all gathered in the firemen's tent on the Stockton Farm on the Stillwater road for a barbecued chicken dinner. Travers Stohberg donated the chickens and was assisted by Harold Dobson in their preparation and serving.

## POLICE INVESTIGATE NUMBER COMPLAINTS

City police were busy yesterday investigating a series of calls and complaints. Officers rushed a bum who was working the Poplar street area. They were called to investigate damage to some doors at the Nugar Chemical Plant, and broken windows at both Beaty and East street schools. At Beaty school, some small windows were broken, but at East street, about a dozen large windows have been apparently shot with an air rifle.

They also rounded up a gang of small kids in the Prospect street area who were engaged in throwing apples at passing cars, and picked up a stray bike at Second and Water street, restoring it to its owner. They were called to Water street on a dog complaint, and the owner of the animal told officers it would be destroyed.

A lady who was locked out of her apartment called for police aid to get in. Officers also went to the south side last evening to investigate a reported hit-run accident. It turned out to be a minor crash adjusted by the parties involved, and no report was filed.

# Two Big Events At Boro Playgrounds During Next Week

Warren borough playgrounds will be the scene of two special events in the coming week, a Yo-Yo Contest at each play spot on Tuesday and the annual Picnic-Play Day on Wednesday afternoon.

The Yo-Yo contest is open to all boys and girls of the community and will get under way at each play area at 2:30 p. m. Tuesday. Contestants should be able to perform the eight basic tricks. The Spinner; Walking the Dog; The Break-away; The Creeper; Three Leaf Clover; Rock the Baby; Around the Corner; Over the Falls; with a Loop the Loop in case of a tie. Prizes to be awarded the winners are on display in the G. C. Murphy Company store window.

Play Day is always one of the outstanding events of the summer playground schedule, each instructor posting her schedule of activities for the day. Directors who wish may keep their area open during the noon-hour, and may hold a tureen or basket picnic; otherwise, the Play Day schedule will get under way at 1:30 p. m. In addition to the races and contests, there will be volleyball and softball games and all parents are cordially invited.

Children are asked by Director Inez Rudolph to call for articles of clothing which have been left at the playgrounds; also for their handcraft projects.

## Obituaries

Calling hours in Warren funeral home, 1200 Liberty street, 2:00 to 5:00 p. m.; 7:00 to 9:00 p. m.

**HELEN M. MAHER**  
Miss Helen Marguerite Maher, 408 Water street, died at 11:45 p. m. Wednesday in Buffalo General Hospital, where she was admitted June 26. Although she had been in ill health for some time, her many friends received with regret the news of her passing.

A lifelong resident of the community, she was a graduate of St. Joseph's parochial high school, began her business career with the New Process Company in 1913 and was its oldest employee in years of service. She was head of the firm's collection department and was a member of the New Process Company 25-year Club.

She was a member of St. Joseph's church and of its Altar Society and was a charter member of Warren Court No. 834, Catholic Daughters of America. She was also affiliated with the American Contract Bridge League of America.

Surviving are two sisters, Mrs. Adele Holland and Miss Mildred Maher, both at home. She was preceded in death by her parents, also a sister, Katherine, and a brother, Andrew.

Removal has been made to the Leo D. Gibson Funeral Home, where friends will be received at the usual hours, starting at seven o'clock this evening, and where the parish rosary will be recited at 8:00 p. m. Sunday. Altar Society members will gather at the funeral home at 7:30 p. m. Saturday and Catholic Daughters will meet there at 8:00 the same evening for their rosary recitals. Services in her memory will be held at nine o'clock Monday morning in St. Joseph's church, with interment following in St. Joseph's cemetery.

**GERALD E. DYKINS**  
Services in memory of Gerald E. Dykins, former resident of Clarendon residing more recently in Marion, O., will be held at 2:00 p. m. Sunday at the Peterson Funeral Home. The Rev. Grant L. Mottram, Methodist minister, will officiate and interment will be made in the Oakland cemetery. Friends are being received at the funeral home at the regular calling hours.

**MATHILDA C. WIGREN**  
Mrs. Mathilda Carlson Wigren, lifelong resident of Chancellors Valley and widow of Alfred William Wigren, died at 11:40 p. m. Thursday at the home of her brother, Ephraim Carlson, Chancellors Valley. She had been in failing health for the past three weeks.

She was born in Chancellors Valley on April 8, 1878, was a member of the Lutheran church at that place and of its Martha Dorcas Society.

Surviving are two brothers and one sister, Ephraim, at whose home she died; Amil Carlson, Saybrook, and Mrs. Emma Holt, Jamestown, N. Y.; also one step-daughter, Mrs. Esther Wigren Webster, Cleveland, O.; several nieces and nephews.

Removal has been made to the Schoonover Funeral Home in Sugar Grove, where friends will be received starting this evening. Services in her memory will be at the funeral home at 2:30 p. m., the Rev. C. J. Franzen officiating and interment following in the Swedish Mission cemetery.

AT THE LIBRARY THEATRE! Will Rogers, Jr., as his famous father, and Jane Wyman as Mrs. Rogers in Warner Bros. Technicolor drama, "The Story of Will Rogers," Sunday, Monday, Tuesday at the Library Theatre. Dramatization of the beloved humorist's fabulous career, the film boasts a large cast including Eddie Cantor, James Gleason and Carl Benton Reid.

Mr. and Mrs. Martin Carlson, Hagerstown, Ind., are visiting the former's father, Peter Carlson.

# Interesting Report Made on Survey of Retirement Income

If economic conditions in Chautauqua and Warren counties are at all typical of the country at large, at least two-thirds of the people receiving old-age insurance payments here have little or no other retirement income. Chester R. Norman, Manager of the Jamestown social security field office, bases this conclusion on the results, just announced in Washington, of a nation-wide survey conducted by the Bureau of Old-Age and Survivors Insurance at the end of 1951.

The findings came from about 15,500 interviews made throughout the country among old-age and aged widow beneficiaries of social security who had received payments in every month of 1951. The staff of the Jamestown Office conducted about fifty of these interviews, on a strictly confidential basis, among local beneficiaries last November, December and January and every one of the 509 other offices in the country took part, to give a thorough cross-section of people receiving benefits.

Even when old-age and survivors insurance payments are added to their other retirement income, only 40 per cent of the single beneficiaries or couples have as much as \$50 a month or more per person. Mr. Norman said the survey showed, "By 'retirement income' we mean social security benefits, employer and union pensions, veterans' pensions, private trust funds, rents, interest and dividends." About 17 per cent of all beneficiaries received some employer or pension payments but only about 6 per cent got as much as \$50 per person from this source.

Because the retirement incomes of many are inadequate, aged people receiving social security benefits often have to find other means of support. Among those who received payments every month of the year, about one-fourth of the men and a fifth of the women old-age beneficiaries and one-eighth of the aged widows had some earnings during the year, the survey indicates.

For the most part, Norman said, the earnings are small: Half of the men who worked earned less than \$390 during the year 1951, and half of the women old-age beneficiaries who had some earnings made less than \$260.

The majority of the beneficiaries, however, are disabled or too old to work at all. At the time of the interview, 65% of the men, 70% of the women old-age beneficiaries, and 80% of the aged widows reported that they were unable to work.

Counting their money income from all sources—including old-age and survivors insurance benefits, other independent permanent income, and also their earnings, unemployment insurance payments, money contributions from relatives, and public assistance payments, almost 2 in every 3 of the single beneficiaries or couples had less than \$50 a month per person.

Mr. Norman pointed out that the 15,500 beneficiaries interviewed in the study represented wage earners in every variety of financial circumstances who have retired in recent years from work in commerce and industry. The survey findings make it clear that for a large majority of these beneficiaries, the monthly benefit check, even though it may seem a small amount, is a critical item of income."

# Raydac' Is New 'Brain'---

Destined to aid in guided-missile research at the Navy Air Missile Test Center in Point Magu, Calif., is a new electronic brain just completed at a cost of \$2,000,000 in the Waltham, Mass., laboratories of the Raytheon Manufacturing Co. Diagram above shows how the thinking machine keeps track of a guided missile (1) by picking up radio-signals with receiving stations (2). Double check in speed and course is kept by radar tracking equipment (3) which ends data through microwave-links (4) to recording instruments (5) where it is stored until fed into computer (6) for breakdown by the Raytheon Digital Automatic Computer, nicknamed RAY-DAC. Console of the calculator is seen below. Solving problems in a few minutes which would take human teams 20 to 30 days, RAYDAC's 15 control panels are 44 feet long. The machine is capable of 1900 additions or subtractions, 1400 multiplications, 1100 divisions, has 5000 radio tubes or enough to build 1000 home radios.

# I-H Girls to Have 3-Day Outing At Camp Complanter

Three counties will be represented when 4-H Girls will enjoy a three-day camping period at Camp Complanter starting Sunday, August 17 and ending Wednesday, August 20. The counties participating in the camp are Warren, McKean and Cameron. Warren county will have 32 club girls, attending along with two adult leaders, Mrs. Ray Darling and Mrs. Monroe Passinger, acting as counselors, and Mrs. Mary Ayers, assistant home economics representative, as Camp Director.

The camp will get under way with registration Sunday afternoon from 3:00 to 4:30. A full and varied program is planned including swimming, crafts, nature hikes, campfire and vesper service. Two interesting speakers will

visit camp. Miss Georgia Spinney, assistant librarian of Warren Public Library, will talk Monday afternoon on Good Books to Read. The library is lending a collection of books for use during the camping period. Mrs. A. A. Grant, of Sugar Grove, a very well informed and gifted naturalist, is visiting camp on Tuesday, and will conduct a nature hike in the morning and give a nature talk in the afternoon.

The swimming pool, always one of the most popular features of camp, will be under the supervision of life guard, Marcia Carlson of Tionesta. A variety of crafts have been planned and the club leaders from the three counties are uniting their talents to instruct in this field.

There's nothing wrong with baked ham and sliced cheese or shrimp salad for sandwich fillings, but sometimes try different combinations. Here are two new sandwich fillings—Ham Waldorf and Cream Cheese Surprise. Sandwich meals are a boon in hot weather; serve the sandwiches with salads, milk drinks, fruit desserts and you'll have plenty of good taste and nutrition.

**HAM WALDORF**—Ingredients: 1 cup coarsely ground cooked ham, 1/2 cup diced celery, 1/2 cup diced apple, 1/4 cup chopped peanuts, 3 tablespoons mayonnaise-type salad dressing. Method: Mix well the ham, celery, apple, peanuts and salad dressing just before making sandwiches. Makes enough filling for 4 hearty sandwiches.

**CREAM CHEESE SURPRISE**—Ingredients: Two 3-ounce packages cream cheese, 6 strips bacon (cooked until crisp and drained and crumbled), 1/2 cup sliced pimiento-stuffed olives. Method: Soften cheese by allowing to stand at room temperature; mix well with bacon and olives. Makes enough filling for 4 to 6 sandwiches.

# P. U. C. Sets Date To Resume Hearing On Removing Trains

The hearing on the Pennsylvania Railroad's petition to remove the last passenger trains between Corry, Titusville and Oil City will be resumed on Tuesday, Sept. 16, in the county courthouse in Franklin, the Public Utilities Commission announced yesterday in Harrisburg.

The hearing, which ran for one day, July 1, and was continued by PUC order upon request of Samuel N. Mogilowitz, attorney representing the city of Oil City, will be allowed three days on the commission's calendar, Sept. 16, 17, and 18.

At the July session, the railroad presented its entire case for the removal of trains 980 and 981 between Oil City and Corry.

Witnesses for the Pennsylvania Railroad testified that operation of the trains was "unduly burdensome." The road presented figures to show that the train operated at a loss of \$31,842.41 during a test period from Oct. 15, 1951, to April 30, 1952. The railroad also maintained that, should the PUC permit these last trains serving Oil City and Titusville to be removed, there was already adequate bus service for these two points, permitting connections with Pennsylvania trains between Erie and eastern points at Union City.

In his cross-examination on this point, however, Mr. Mogilowitz brought out that there is no direct bus service between Oil City, Titusville and Corry, the route of the train in question.

# Maria J. Kirberger Has 80th Birthday

One of the East Side's grand old residents, Mrs. Maria Kirberger, of 818 1/2 Pennsylvania avenue, east, a resident of Warren for the past 70 years, quietly observed her eightieth birthday yesterday which she spent with her son, Myron Kirberger of North South street.

Mrs. Kirberger, the former Maria Kline, was born August 14, 1872, in Tiona, and is the widow of Fred Kirberger, well known Warren man who died two years ago. Myron Kirberger is her only child.

Two friends of Mrs. Kirberger, Mrs. Hazel Winchester and Mrs. Stephen N. Pees, entertained at a birthday party for her at the Pees home, 16 Prospect street, Wednesday evening. She received many nice cards and birthday remembrances.

# CLARENDON IS HOST TO COUNTY FIREMEN

The Warren County Active Volunteer Firemen's Association met last evening at Clarendon with about fifty in attendance. One of the main items of discussion was the forthcoming mutual aid run, details for which will be announced later.

Members were reminded of the family picnic Sunday at Wilderfield starting at two o'clock with a tureen dinner at five o'clock. The bands from Russell and Youngsville Fire Departments will provide part of the entertainment.

Refreshments were served. The next meeting will be at Sheffield on a date to be announced.

# SEARCH FOR MISSING MISSIONARY HALTED

Erie—A nation-wide search for Rudolph Winsinger, a 28-year-old missionary who disappeared last Thursday, was called off by Lawrence Park State Police at the request of the man's wife.

Mrs. Winsinger said she is certain her husband will return when he overcomes whatever is troubling him. She said she appealed to police last Sunday because she wanted to do everything possible to locate her husband.

The missionary's car was found abandoned last Saturday in Cambridge Springs. Mr. Winsinger, a missionary to the Bahamas, had left Erie, where he had been staying with his family, on Thursday to show slides of his work at a church in Townville.

**STILL NO ELECTION**  
For the second time in as many weeks, the Sheffield Chamber of Commerce was unable to elect officers when it met last night because of the few members attending. Voting by 25 members is required.

**MAY LOSE DOCTOR**  
Sheffield is alarmed over the possibility of losing its only practicing physician, Dr. Edward Wallick of 4 Leather street, who has been called by the U. S. Air Force. Dr. Wallick is trying to postpone his induction and in the meantime is endeavoring to obtain a doctor to take his place in Sheffield.

**HUNTING LICENSES**  
The Game Commission cautions that the present Pennsylvania hunting license period expires August 31. Lawful hunting or trapping for wild birds or animals in Pennsylvania during the 12-month period beginning Sept. 1 requires the new license. The Department of Revenue says 1952 hunting licenses are being mailed to issuing agents and should be available by Sept. 1.

**BUILDING CONTRACT**  
The Anderson Construction Co., of Sheffield, has been awarded the contract for the construction of a modern office building for the Home Telephone Company in St. Marys. It will be a one-story brick structure about thirty feet wide and 86 feet in length. It is estimated 120 working days will be required to erect it. The Anderson Construction and Building Supply Co. are specialists in industrial and public works, including schools, hospitals, etc. In recent years they have erected many projects throughout the area. The firm has been in business fifty years and is well known among architects, engineers and business firms.

**Boy Choir to Sing at Chautauque August 24th**  
(From Page One)  
The Chautauque Symphony Orchestra on Wednesday evening with Maryann Filar as solo pianist, the "Gala Concert of Chautauque Artists" on Thursday evening, and the recital by James Melton, famous tenor, on Saturday evening, one of the outstanding features of the season.

John Powley, business manager for the Warren Boy Choir, has announced that Mrs. Basil White has been engaged as head cook for the group while they are at Chautauque. The facilities which are to be furnished by the Institution include double-bunk barracks, a spacious kitchen and dining hall fully equipped, a recreational building which contains shuffleboard and other games, and a dock at the lake for swimming and fishing.

If this concert is successful and the group likes the idea after this initial concert, it can possibly be arranged for them to spend two full weeks at Chautauque each year hereafter, the only obligation being for them to make two or three appearances on the amphitheatre platform. This plan would make a fine vacation and training program for the boys at one of the country's finest summer spots. Too few people of this area fully realize the significance and importance of Chautauque as a religious, educational, recreational, and entertainment center in the United States today. The Amphitheatre there seats 6500 persons and is filled at nearly every concert or special event. It is expected and hoped that close to a thousand Warren citizens will be in attendance when our Boy Choir makes its debut at Chautauque on Sunday August 24, it being one of the greatest opportunities and honors coming their way to date.

Nat Drake has stated that if Warren citizens as a whole plan to support the Choir by attendance at this concert, he will arrange with Chautauque authorities to have a special section right down front in the Amphitheatre reserved for persons from Warren. A special bus might even be arranged for those not having transportation, if it is found that there would be enough people interested. The only cost for attendance of course will be the regular gate-fee on entering the Institution grounds.

POIGNANT SCENE IN POLIO WARD—Mother and child are side-by-side polio patients in the Cleveland, Ohio, City Hospital, but are separated by a huge glass partition. Through it, Mrs. Margaret Demeter, 27, watches with concern as her nine-months-old daughter Laura plays in her crib. Laura's illness, first diagnosed as "teething," was three weeks later found to be polio. The baby's right arm is paralyzed.

# PITTSBURGH PLANS A CULTURAL TV STUDIO

Pittsburgh (P)—A 20-member committee, appointed by Mayor David L. Lawrence, prepared plans today for a fund raising campaign to sponsor a cultural and educational television station in Pittsburgh.

Members of the committee, headed by Dr. Alfred Beattie, county superintendent of schools, learned last night that an undisclosed sum of money has been offered by an unidentified national foundation for construction of a station.

The Federal Communications Commission recently allotted TV Channel 13 to Pittsburgh for education purposes.

# BETTS MACHINE CO. PICNIC AT OAKVIEW

Employees of the Betts Machine Company, together with their families, will enjoy their annual outing and picnic at Oakview Park, Saturday.

The affair will start at 2 p. m. with games and athletic events, with prizes to be awarded the winners.

The climax will come at 6:30 p. m. when Lewis Catering Service will provide a chicken barbecue dinner with all the trimmings.

The strike affects about 45,000 daily commuters who depend on bus transportation to get to and from work.

The union and company met in a brief negotiation session after the meeting with the mayor but said it resulted in no new developments. No negotiations are scheduled.

# U. S. Steel Still Negotiating Contract With Union

(From Page One)  
The only comparatively large steel company still not in agreement with the steelworkers union is Allegheny Ludlum. A company spokesman said it had been decided to stay closed until a complete new contract had been signed. Allegheny Ludlum employs 10,000 workers.

# BUSINESS INDEX

Pittsburgh (P)—Business in the Pittsburgh District showed rapid recovery last week from the 54-day-old steel strike, the University of Pittsburgh reports. The university's index stood at 182.9 per cent of the 1935-39 average last week. It was 184.7 in the week ended May 31. The steel strike began June 2.

# Residents of Robbins Hill Area Suspect Black Truck

(From Page One)  
Wassilij Gussev, the displaced person who had been with the Wells since last November, suddenly left the Wells summer home for New York. Mrs. Rivers, according to Sheriff Linder, had promised to bring the letter with her when she came to Warren county last week-end, but the sheriff said she told him she did not bring it.

Sheriff Linder said this morning that he had been in Buffalo, consulting with immigration authorities in regard to Gussev, who is wanted for questioning, and that none of the agencies he had contacted in New York had been able to locate the man. Sheriff Linder said he had traced his progress by bus as far as Port Allegany.

Gerry Mead, Russell RD 1, who saw a man sitting in the Wells flower garden with his feet in a ditch, at 1:30 the day Mrs. Wells disappeared, told The Times-Mirror yesterday that he is still unable to recall the man's identity. He said he knew he had seen him before.

People who live all year along Quaker road told The Times-Mirror yesterday that they believe a solution to Mrs. Wells' disappearance might come with identity of the driver of a Chevrolet pickup truck which was seen along the road that same day she left. Those who saw the truck go by said it and its driver were unfamiliar to them and that it came from the direction of the Wells home. A Chautauque county deputy sheriff advised The Times-Mirror that he already has two "leads" on this vehicle.

Quaker road folk said yesterday that, among other rumors, they had heard a grave had been discovered in the woods. They discounted this, as did Sheriff Linder, as more or less ridiculous.

Mrs. Ella Linendoll and Mrs. Edrie Green, who live a quarter mile from "Hi Acres," did not answer the door when the reporter called yesterday at their home on two different occasions. Mrs. Linendoll had said previously that she saw "Friday," as the displaced person was known, walking down the road on July 29, carrying two grips, but she did not say that he was pushing a wheelbarrow in which the grips reposed, and that he was accompanied by Mrs. Wells, who had called at the Linendoll home the day before. Farther down the road, "Friday" was given a lift into Akeley and Mrs. Wells, as she pushed the wheelbarrow back home, was given a ride in the mailman's jeep.

Although neighbors along tree-shaded Pearl street in Frewsburg, where the Wells had maintained a year-round home for the past 12 years, told the reporter yesterday that they wondered why the Wells home at No. 32 had not been "gone over" in search of some clue which might lead to Mrs. Wells' disappearance, the paper was informed today that the house has been searched "from basement to roof." This information was provided by the authorities.

Some hope that Mrs. Wells may yet be found alive and well was given impetus when neighbors stated that they understood she had left home before, prior to establishment of the residence in Frewsburg, and at that time had gone directly to her mother's home in Vermont.

One of the Wells' neighbors in Frewsburg said they were people who very much "kept to themselves," and that she never knew them to have an argument, that Mrs. Wells was "pleasant, kindly, and a good neighbor."

Telephone service along Quaker road in Elk township is not available, which adds to the isolation of the few families living on the country road. Although the mystery dates from over two weeks ago, it is the chief topic of interest in that area and questions fly fast and furious when anyone from Warren, Frewsburg or Jamestown drops in. The Bell Telephone Company's workmen are gradually approaching Robbins Hill, have run a line some distance out of Akeley through Cable Hollow.

Sheriff Linder is still unable to find anyone who saw Mrs. Wells leave Robbins Hill.

# Is Your TV Tested?

AP Newsfeatures  
Television is coming to new areas because the Federal Communications Commission has lifted the freeze on new stations and opened new ultra-high-frequency channels. The new activity has multiplied the number of districts that are uncertain about the type of reception they can get. One big company (RCA) has devised a test apparatus to give some of the answers in such districts. The device is a tower on a truck which can be raised to a 70-foot height. Used with a receiver in the truck, the tower can tell what kind of antenna will be needed in the district.

# WARREN WRESTLERS TAKE HONORS IN FINE KIWANIS CLUB AMATEUR SHOW

## BARR DECISIONS TOP-FLIGHT COLLEGE STAR; CLEARFIELD BOYS MAKE GOOD IMPRESSION

Outdoor amateur wrestling made a very successful debut here at War Memorial Field last night, when nearly 1000 fans turned out to support the Kiwanis Club in its benefit wrestling program for the field.

The size and attitude of the crowd itself indicated that amateur wrestling may very well take a prominent place as a summer sport here in 1953.

Seven top bouts were staged in the match, with Warren contenders winning four, including the feature heavyweight attraction in which Homer Barr, Warren High wrestling coach and former inter-collegiate champ, defeated Lynn Klingworth of State College, by a 2-0 decision.

**Good Beginning**

Warren grapplers started off by sweeping the first three matches from the Clearfield stars. Lou Cummings, in the 95-pound class, received a take-down in the first period and staged a reversal in the last round to decision Joe Accor-dino, 4-2. Accor-dino received his two points for escapes. Lou turned in a 7-1 record in high school as a sophomore last season, and despite his lighter weight for that class, should be a top performer come 1953.

**GOOD MUSIC, TOO**

Stirring music by the Warren High School Commandos, perched in the east stands, added much to the wrestling show. This touch meant a lot toward giving the evening just what it needed, and the Kiwanians express their appreciation.

The young musicians also "turned it on" when the Warren wrestlers emerged as winners.

In the 120-pound class Don Mimm, another WHS standout, had two near-falls and two reversals against Dean Triponi for a decisive 8-2 win. The Clearfield man had only one take-down in the first period. Denny Brown was Warren's other winner in the light-weight classes, decisioning Russa Triponi, 4-0. Denny scored his points on a take-down and reversal.

**SPORTS IN BRIEF**

By The Associated Press

**GOLF**

Seattle—The United States took a slim lead over Canada and Mexico in the Americas Cup competition.

Kansas City—Defending champion Cary Middlecoff of Memphis gained the first round lead of the Kansas City Open with a 67.

Eugene, Ore.—Scotty Fraser of Panama City, Fla., moved into a one-stroke lead in the national Jaycee tournament with a 143.

**TENNIS**

Newport, R. I.—Vic Seixas and Ken McGregor moved into the semi-finals of the Newport Invitation tournament.

Manchester, Mass.—Anita Kanter of Santa Monica, Calif., upset defending champion Doris Hart 6-0, 3-6, 10-8, in the second round of the Essex County Women's invitation tournament.

## Through The Wind Tunnel

Cliff Betts, president of the Kiwanis club, and his fellow Kiwanians made up a happy group, last night. They sat by and watched the crowd assemble for the benefit amateur wrestling show. Then the show got under way and the Kiwanians' chests began to expand and shirt buttons flew wild all over the place! Proud they were and proud they should have been! It was a grand show from start to finish, well planned and well put on, a credit to Warren and to the club. It is safe to say that one or two Kiwanis club amateur shows will become important summer events in Warren from now on.

Bob Jewell, Homer Barr and all the others who helped are due a vote of thanks not only from the Kiwanians but from everyone in attendance. Bill Hewitt, always a booster for good clean wrestling, was much pleased.

The kids ate it up! At one time, flat on their bellies and creeping closer and closer to ringside, 38 youngsters formed a straight line in front of ringside before the north stands. Inch by inch, the line crept closer. If their concentrated approach had not been halted, they'd have been right onto the plastic mat.

"When you meet 'Sister' Abigail in 'Windy Tunnel' please whisper in her ear, the reason the counter waitresses in Kresge's look so well fed is traced to the fine cooking and delectable pies made in Kresge's clean kitchen," writes a contributor.

All dressed up in a blue suit, with khaki now only a memory, Jack McDannel drew a couple of whistles from Conewango avenue female motorists early last evening.

The comment of "Jack B." who doesn't sign his name, "It's easier to be critical than correct," has us stymied. Wish he'd explain; or, more likely, he just doesn't know what he's writing about. Or, let's say, he just doesn't know—Abigail.

## 'Old Boys' of 1938, Famed on Diamond, Reune Here Today

It's reunion day today for 16 members of famous Moose Semi-Pro baseball team that reigned back in the year 1938, when it turned in a season record of 23 victories against 11 defeats.

The colossal '38 aggregation, while in its prime, defeated the Pittsburgh Pirate National League Club and many other great teams of the east.

Today's affair will get its start with a game at the State Hospital at 6 o'clock between the Moose team and the Sunset League All-Stars, after which the oldsters will adjourn to Steve Massa's camp near Chapman Dam to enjoy the evening together, talking over old times.

The 1938 team members who will be here are Nick Creola and Fred Gagliardi, co-chairmen of the reunion, Elmo Wolfe, "X" Maury, Gerry Archibald, Harry Rosequist, Art Johnson, Steve Petrowski, Joe Brundis, Emmy Morrison, Harry Mintzer, Don Jeanneretta, Diz Hines, Steve Massa and Joe Massa.

Those unable to attend are Gerry Geigerich, Joe Gilson, Al Moore and Leo Petruzza.

The all-star team includes Ross, Ananea, manager, with Tony Bonavita and Dick Kifer as assistants, Ed Shanshala, George Lucia, Dick Reed, Dave Bevevino, Hud Berdine, John Castagnino, Carmen Colosimo, Sid Summings, Chuck Reese, Harry Gnage, Bob Foley, Bill Massa, Lefty Haight, Chuck Irwin, Dave Lopez, Dick Christensen, Elmer Haight, Rod Kerchner and Carl Falvo.

## Youngsville Squad Will Take Physical Exams Next Monday

Candidates for the Youngsville High Eagle football squad will take their physical examinations beginning at nine a. m. Monday, it was announced yesterday by Coach Frank Kamus, recently returned from summer sessions at State College. Dr. John Thompson, school physician, will do the examining.

During this week, equipment has been issued to 26 squad members, and as the time for the opening of school nears, that number is expected to swell as many students return from vacations or quit their summer jobs in preparation for the fall term of school.

First practice will be Monday at one p. m. on the East Main street field, Coach Kamus said. He will be assisted by Warren Carr, member of the YHS faculty, who has aided with the coaching for the past several years.

## Koaster Klassic To Be Held in Spring

Announcement is made today by David H. Deardorff, chairman of the Kids' Koaster Klassic committee of the Junior Chamber of Commerce, that the annual event will not be held this fall but has been postponed until spring.

Because so many boys were away from home, participating in activities at the various camps and on trips with their parents, the committee felt it was not fair to give those still in Warren the advantage of a head-start in construction of racers and purchase of the limited number of official wheels. The committee also agreed that to hold the classic later in the fall would conflict with school studies and activities.

Mr. Deardorff suggests that the boys who have shown their interest in the function should watch The Times-Mirror for a near-future announcement as they are to be amply rewarded for the time and effort they have put into the project. "A special treat is in store for you," says Chairman Deardorff.

## Los Angeles Rams Defeat All-Stars

Chicago P.—If the Los Angeles Rams defeat the college all-stars in the 19th game of the big football classic at Soldier Field tonight it will be largely through the medium of spirit to win. No extra cash bonuses will be attached as an incentive.

Sources close to the National Football League champions, owned by six millionaires, are positive that there has been no promise of extra money. They say the Rams really want to win this one, but good.

**Close Race Looms For Hamilton And Falcons in League**

By The Associated Press

The Jamestown Falcons and the Hamilton Cardinals headed into the homestretch of the Pony League today about as close to each other as Siamese twins.

Jamestown and Corning's A's split a pair last night, the A's coping the first 6-3 and dropping the second, 7-3.

Walter Radacay made it easy for Hamilton's big right-hander, Bill Nagel, in his 9-4 win over Wellsville. Radacay drove in five runs and Pidge Brown, Cards' first baseman, chipped in with three for five.

Johnny Mickley, youthful righty from Pittsburgh, posted his ninth win as the Bradford Phils defeated Hornell, 8-2.

## Amos Alonzo Stagg Will Observe 90th Birthday Saturday

Stockton, Calif. (AP)—Football's oldest coach, justly famed Amos Alonzo Stagg, celebrates his 90th birthday tomorrow.

And the silver-haired patriarch, who has watched the great American sport grow from swaddling clothes to its present multi-million dollar box office business is ready for his 63rd season.

Later this month, Stagg will leave for Susquehanna University, Selinsgrove, Pa., to begin his sixth coaching year there. As usual, he will be accompanied by his wife Stella, who has served as his secretary, stenographer and chart-maker for going on 60 years. Mrs. Stagg was 77 last Aug. 7.

The grand old man of football coaches at Susquehanna with his son, Amos Alonzo Jr. Senior Stagg outlines the offense, drawn from the bag of tricks he has filled since his All America playing days at Yale in the 1880's.

## Pirates Beat Cards In 10-Innings, 5-3

St. Louis (AP)—Two old pros of the Pittsburgh Pirates combined their talents last night to beat the St. Louis Cardinals, 5-3 in 10 innings—pitcher Murry Dickson hurling five-hit ball and outfielder Ralph Kiner banging two homers.

Kiner accounted for four of the Buc runs. His first homer in the eighth forced a 3-3 tie and his 24th circuit clout in the 10th gave the Pirates the victory. The win was the 11th of the year for Dickson who has 16 defeats.

## Marlin Rockwell Team To Play Silver Creek

At 2:30 o'clock this Saturday afternoon at the State Hospital the Penn-York League champion Marlin-Rockwell baseball club will battle it out with Silver Creek Horseshoes in a revenge game. Thus far the two teams have split a four-game series, Marlin-Rockwell losing a 6-0 shutout in the last contest.

Marlin-Rockwell earned a league record of 9-1 this season, while Silver Creek's record in its own circuit is 12 wins and two losses.

## FOOTBALL MEETING

Fred Bell, new Warren High School football coach, who comes here this season from Bellefonte, announces he will hold his first meeting with the players at one o'clock Monday afternoon in the study hall of the high school. This will precede the opening practice session of the 1952 campaign.

## Fountain of Youth Might Be Found In Yankee Stadium

By RALPH BODEN  
A Sports Writer

Looking for the Fountain of Youth? If you don't find it at St. Augustine, Fla., try the Yankee Stadium.

A number of former National Leaguers have found the stadium to be just what the doctor ordered. Supposedly washed up, the Yanks' colony of ex-National Leaguers have not only prolonged their days in the house that Ruth built but have also jacked up their bank accounts.

Johnny Schmitz is the latest senior circuit discard to find life with Casey Stengel extremely pleasant.

Stengel, who grew old before his time while managing weak teams at Boston and Brooklyn in the National League, gave Schmitz his first start in the "new land" yesterday. The one-time Chicago and Brooklyn lefthander responded with a 7-2 victory over Washington.

The victory boosted the Yanks' margin over the second place Cleveland Indians to three games. The Indians and St. Louis Browns were idle.

The Boston Red Sox pulled to within 4½ games of the Yanks by sweeping a doubleheader from the Philadelphia Athletics, 5-4 in 13 innings and 4-2. The Chicago White Sox downed Detroit, 2-0, in 10 innings in the remaining American League game.

Meanwhile, in the National League, the second place New York Giants cut Brooklyn's lead to eight games by nipping the Dodgers, 4-3. In other games, the Philadelphia Phils defeated the Boston Braves, 5-3; Cincinnati whipped Chicago, 4-1; and Pittsburgh conquered the St. Louis Cardinals, 5-3, in 10 innings in the major's only night game.

Hard-working Al Corwin turned in a fine relief job to enable the Giants to shade the Dodgers. Corwin allowed only two hits in the last four innings to protect Sal Maglie's 12th victory.

Maglie, making his first appearance since July 18th, when he injured his back in a game against St. Louis, blanked the Dodgers until the sixth when he aggravated the injury.

Ralph Kiner blasted his 23rd and 24th homers to lead the Pirates to victory over the Cards. Kiner tied the score with a two-run, two-out belt in the eighth and won the game with a similar clout in the 10th off Joe Presko. Little Murry Dickson went the distance to gain his 11th victory for Pittsburgh.

## AHEAD BY NOSE—Wrestling consists of the same histrionics and tricks in any language. In Mexico City, Black Wolf grabs Fernando Oses by the nose, protests violently as the referee admonishes him. Oses won on a foul, whatever that is in the modern version of the antiquated dodge. (NEA)

## INVITATION TOURNEY

The Women's Golf committee of the Conewango Valley Country Club is sponsoring a ladies' invitation tournament Sunday with the starting time set between one and two o'clock. Co-chairmen for the tourney are Mr. and Mrs. Pete Juliano.

## Monongahela, Hickory In Saturday's Finals

Williamsport, Pa. (AP)—It will be Monongahela versus Hickory in the Pennsylvania state finals of the Little League baseball tournament.

The two western Pennsylvania teams of 8 to 12-year olds, both of whom blasted their way into the final with 8-0 diamond triumphs yesterday, will battle it out in the Little League stadium here tomorrow.

Tonight their victims, Mid-Valley and Newville, will play a consolation game to decide third place in the Keystone State tourney. The game starts at 6 p. m.

## Picnic Enjoyed By Church at Corydon

Corydon—About 50 persons, including a number from out of town, enjoyed the annual picnic of the Church of the Nazarene, held Saturday on the school grounds. Games featured the entertainment for the children.

Mr. and Mrs. Charles W. Crooks, newlyweds, have returned from a wedding trip to Niagara Falls, points in Canada, and Watkins Glen. Sgt. Crooks, stationed in Florida, expects to be discharged September 27. Along with Fred Remington, and Mac Dill, the three ranking officers enjoyed a 30-day local vacation.

Mr. and Mrs. L. J. Learn and their houseguests, Mr. and Mrs. J. W. Learn, of Newark, Texas, held an outing and picnic supper on the Learn lawn that was attended by 37 nieces and nephews.

Margaret Reid and Mrs. Lee Coldsborough and son and daughter have returned from Tulsa, Okla., and are coming this week to vacation at the Reid cottage. Mr. Coldsborough is expected to accompany them.

Mr. and Mrs. Homer Oakley, Pittsburgh, are vacationing at the Corydon Hotel.

Jack Reid has returned to Oil City, after a weekend visit at the Reid cottage.

Mr. and Mrs. Carl Johnson, Bradford, were visitors over the weekend at the Funk cottage. Others there recently were Mr. and Mrs. Jerry Funk, Townsend, Del.

Mr. and Mrs. Arthur Bradley, Akeley, Tressa Marsh and Jacob Schuler, Corydon, have returned from a tour of the western states and other points.

Guests at the home of Mr. and Mrs. Lewis Remington have been Frederic L. Remington, of the Key West, Fla., Naval Air Base; Mr. and Mrs. J. C. Hurd and children, Washington, D. C.; Mr. and Mrs. C. E. Wolcott, Mr. and Mrs. Don Smith and children, Bradford.

Mrs. C. C. Flatt and Mrs. Beulah Wilcox, Kinzua, Mrs. L. B. Newton, Mrs. Steve Woods, Mr. and Mrs. Frank Huntington, East Randolph, have been visitors of Mrs. Lida Wilcox.

Howard Lechner, with the U. S. Marines, is on a 28-day leave with his parents, the George Lechners.

## GARLAND

Garland—Edward Parker, son of Claud Parker and the late Fana Parker of North East, was interred in Garland Presbyterian cemetery Wednesday, having succumbed following a short illness of polio. The young man, only 34, and a World War II veteran, leaves his wife, Carolyn, and three small children, Karen, Edward and Claud; his father, Claud Parker; one brother, Ernest, and a sister, Edith Johnson, all of North East. His father was born and raised in Garland and his aunt, Mrs. Mary Price, resides here. He was laid to rest near his mother, buried here a year ago. Deepest sympathy is extended members of his family.

Twenty-five relatives and friends gathered at the home of Mr. and Mrs. Walter Peterson Wednesday honoring Naomi Goodwill's and her son Robert's birthdays. It was an all-day celebration, with plenty of good eats, birthday cakes and gifts. The neighborhood joins in good wishes for many years ahead.

The 4-H Club met Thursday at the home of Betty Leofsky.

Roy Richards has been taken to the hospital for treatment.

A miscellaneous shower was held at the home of Mr. and Mrs. Chas. Camp Friday evening for Mr. and Mrs. Howard Eastman, who recently lost their home and contents by fire.

The Dunn reunion met in Garland's community center Saturday and 20 former pupils of the late C. H. Dunn responded to the roll call. This was the 41st reunion, which has met yearly in Garland honoring the beloved teacher. The group was happy to welcome back Dr. Lee Mickle, of Connecticut, who hasn't been able to be present for several years.

A son was born August 5th to Mr. and Mrs. David Hannold, of Pittsfield. This is the first grandson for Mr. and Mrs. Wm. Gary, former Garland residents, now residing at Pittsfield. Garland friends extend hearty congratulations. The happy parents have another child, a little daughter.

Buffalo, and Mrs. Rose Arrow-smith, Erie, have returned home after a visit at the home of Mr. and Mrs. Harry Tome.

Mr. and Mrs. Lawrence Swanson are occupying their new home recently purchased from Mr. and Mrs. David Tome.

## HOMES FOR AMERICANS

AP Newsfeatures

THE MODERN TEMPO is a present day's smartly planned house in which every room except the kitchen is a dead-end room. A two-way fireplace spreads cheer in both the living room and Dutch dining alcove in the kitchen. Another dining alcove at one end of the living room has a pass-through bar to the kitchen. The low pitched roof has wide overhangs to shade the large windows. This is Plan Y-240 by Herman York, architect, 115 New Hyde Park Road, Garden City, N. Y. The house covers 1,346 square feet.

(Further information and plans available from the architect)

## W P L REPORTING

Just to prove how broadminded she is, this librarian occasionally reads magazines devoted exclusively to the reviews of children's literature. The best of these is The Horn Book, and in the August issue there are some interesting articles, including the acceptance speeches for the two awards given each year, honoring an illustrator and an author in this field.

In his acceptance of the Caldecott Award, the illustrator, Nicolas Mordvinoff, said something about the arts which seems an excellent interpretation of the values to be applied to books. "To please on the surface," he says, is no more than to attract attention by a bright display in the window of an empty store. It is a form of treachery. Any form of art to survive has to be lively, sincere, honest and truthful. Art is life and life is not candy."

It isn't always easy to apply these values. Some books are borderline books and you have the kind of situation that baffles you when you're trying to decide whether something is navy blue or black. Finally you hold it up against something else to be sure. That's what you must do with books.

When you read fiction, ask yourself this: does the story progress through lucky coincidences or by logical development of character? Is there emphasis on what is important to the story or on what is merely sensational?

Within the past 50 years, there has developed a type of popular and rather silly novel which depended upon a misunderstanding between the hero and the heroine to keep the plot going. The misunderstanding was often irrational and entirely impossible if the hero and heroine were in their right minds. However, it had to be there, otherwise everybody up and got married in Chapter Two and you wouldn't have even a short story.

The present emphasis on the sort of just as irrational and unlikely. Then what, you may ask could be called a good book which is "lively, sincere, honest and truthful"—like the man said?

Well—Return of the Native, by Thomas Hardy, is an example of a story following the inevitable development of certain types of people placed in a certain environment. There is no lucky coincidence, no rose arbor exit. What happens happens because these people are themselves and can't change.

Or—consider a radically different example, Catcher in the Rye, by J. R. Salinger. The reader of this book is carried along at an almost breathtaking pace by the

## June High School Graduates Finding Work Is Pientiful

Harrisburg (AP)—Most of Pennsylvania's 79,000 June high school graduates are having little trouble finding a job this summer, the State Employment Security Bureau reported today.

"Although the final score is not available, incomplete returns show that in a good part of the state the labor market has been fairly active, giving recent graduates plenty of chance to find jobs," a bureau spokesman said.

"There is a good chance that a spring forecast of 'extremely favorable' opportunities for the June, 1952 graduates, will be borne out in full when the complete picture has jelled," he continued.

However, the spokesman added, job opportunities did not escape unscathed from the 54-day national steel strike. In some areas, generally in western Pennsylvania, around Pittsburgh and other steel producing sections, there was a "depressing" effect on new jobs. It will be a while yet before the full effects of the strike are charted, he said.

## Method for Securing Longer Vacation With Possibility of Traveling Expenses

New York (AP)—Want a longer vacation than the boss now gives you? Like him to pay the travel expenses for yourself and maybe the wife and kids?

Some employees manage it. Some get up to six months vacation—often with a long boat trip thrown in.

They work for American business firms with branches, plants or sales offices in foreign lands.

But, as usual, there's a lump or two in this gravy.

Often American companies grant employees these back-home vacations only every three years or so, although most also let the employee take a holiday each year in the land where he labors.

And some American firms put a limit on how many in the family the worker can bring home at company expense. Some say a wife and two children is enough for a free ride. If you have more children than that, it costs you.

Also, there's a wide difference in vacation rules among the many American firms doing business overseas. To find a real liberal dish of long and inexpensive vacation joy, you have to shop around among the corporations.

To see just what the rules were on vacations for employees in foreign service, the National Industrial Conference Board polled 31 U. S. companies.

The foreign service rolls range from less than 50 to more than 500. Included are the fields of oil, mining, food, liquor, electricity, transportation, communication, rubber, machinery and exports.

All give home-leave. For the employee this means a chance to renew home ties here. For the company it is a chance to talk with the worker, bring him up-to-date on company policies, and maybe change his thinking on company practices.

Six give vacations of four to six weeks. Four give one month for each year spent abroad. And 21 vary—some giving up to six months off, but usually including travel time in that period.

Extra time for travel, if by the most direct route, is granted by 24 of the firms. And another gives extra time from some locations but not from others.

How often can you get back to the United States? Every three years, if you work for 10 of these firms. Every two years if you work for five of the others. Ten more let you come home oftener if you work in the tropics.

One company brings women employees back more frequently than men. The rest vary the frequency of the home visit by the length of service abroad.

All 31 pay travel expenses home and back to the job. And 23 pay all the expenses of transportation for the entire family, including such things as tips. However, six will pay only for the wife and children under 18. And two won't stand the expense of more than two children.

All the companies make different vacation rules for employees working abroad and those working in the United States. Your time-off—both in home leave and vacations in the foreign land—is longer, if you labor abroad.

But you don't see your wife's relatives as often. You decide whether that's good or bad.

## BARNES

Barnes—Mr. and Mrs. Gordon MacMartin and children, Buffalo, N. Y., were guests at the home of Mr. and Mrs. Jack Pittcock Saturday night.

Mr. and Mrs. John MacMartin, Hamburg, N. Y., were Saturday night guests at the home of Mr. and Mrs. B. S. Cook.

Herman Gilson was a guest at the home of Mrs. H. S. Robert and Stanley Roberts Thursday night. He is spending some time in camp at East Branch.

Mr. and Mrs. Byron Miller spent Sunday as guests of Mr. and Mrs. Millard Blake at Jamestown, N. Y.

James Welch and Jesse Rodgers, New Martinsville, W. Va., who have spent the past month at the Welsh Camp near Blue Jay, were callers at the home of Mr. and Mrs. James McMichael Monday afternoon.

Barbara Lyle and Jack McDannel, Youngsville, spent Sunday along Lake Erie. They were accompanied to North Girard by her parents and nephew, Mr. and Mrs. J. B. Lyle and Douglas Lyle, who spent the day as guests of Mr. Lyle's sister and brother-in-law, Mr. and Mrs. George Quigley.

W. T. Hover is resuming work Thursday morning, after a forced vacation on account of his recent accident.

Mr. and Mrs. Frank Rudolph and son, James, attended the Free Methodist camp meeting at Pleasantville Sunday. His mother, Mrs. Ed Rudolph, who had been in camp, accompanied them home.

Mr. and Mrs. Donald Burns, Niagara Falls, N. Y., arrived Sunday and will visit his parents, Mr. and Mrs. John Burns, until Wednesday. Their daughter and husband, Mr. and Mrs. Leon Carlson of Bradford spent Sunday at the Burns home. Mr. Carlson left that evening for home, but Mrs. Carlson remained until later in the week.

Mr. and Mrs. Robert Curtin, Randolph, N. Y., are parents of a son, born in the Jamestown General Hospital Sunday, August 10, at six o'clock. This is another grandchild for Mr. and Mrs. J. C. Curtin, and the latter is in Randolph caring for the baby's little sister, Robin, while her mother is hospitalized.

Mr. and Mrs. E. L. Richards, Franklin, were Sunday guests at the home of Mr. and Mrs. G. L. Holden.

Mr. and Mrs. Clifford Neal, Mr. and Mrs. Clarence Neal, Jamestown, N. Y., were Sunday guests at the home of their brother, Harry Neal.

Mr. and Mrs. Robert Conquer and daughter, Kei, Hamburg, N. Y., visited his parents, Mr. and Mrs. C. E. Conquer, over the weekend.

## VETERANS' INFORMATION

Questions and Answers for Korean Vets

QUESTIONS AND ANSWERS

Q—I'm a Korean veteran and I want to go to school this fall under the new Korean GI Bill. May I attend any school that was approved by my State for World War II veterans?

A—No. A school must be State-approved for training under the new GI Bill, before you may enroll. Approval granted under the World War II GI Bill does not carry over, under the law, because in many cases schools are required to meet different standards than in the past.

Q—I'd like to take a single course in school this fall under the Korean GI Bill. It would be for less than half-time. How large an educational allowance would I get?

A—You would receive either (1) the established charges for tuition and fees which all students taking the same course must pay, or (2) a prepared amount based on \$110 a month for a full-time course. You would be paid whichever amount is the lesser.

Q—I am a World War II veteran and I've recently gone back on active duty. I have never used any of my GI loan entitlement. Which GI loan deadline applies to me: July 25, 1957, under the World War II GI Bill, or 10 years after the present emergency, under the Korean GI Bill?

A—The Korean GI Bill deadline applies to you. You will have 10 years from the end of the current emergency to make use of your GI loan benefit.

Q—Are loans made under the Korean GI Bill subject to the down payment requirements of the Defense Production Act?

A—Yes. The down payment requirements of the Defense Production Act apply to GI loans made under the new Korean GI Bill in the same way that they apply to loans made under the World War II law.

## Radiant Sunshine Aids Winning Unit At Lutheran Camp

A radiant sunshine appears to have aided the Texas unit in winning Wednesday's inspection at the Lutheran Boys' Camp. Much praise is due to the fellows of this unit for they are the first to have a perfect inspection record. Not one shred of paper nor one poorly made Texan bunk greeted the eagle-eyed inspectors Timm, Armstrong, and Nordine.

The ever-present sports program likewise benefitted from the cloudless day. The camp oracle has predicted that, with no unforeseen catastrophes, New York and Kansas may end up in first and second place respectively. However, because of the great potential resident within the Maine unit, an upset may squelch the hopes of the New Yorkers.

Last evening, observers of the Burdell Edey area noted much shouting and many lights flashing. All the action was occurring because of the Treasure Hunt laid out by the program directors. After much exertion and diligent searching, Bob Benz discovered the prize which had been placed in one of the camp's much-frequented buildings. The prize was a very fine, useful scout jack-knife.

During the campfire, sixteen boys received their "L" awards. These awards are presented to each camper after he has passed certain required examinations testing his mental and physical skills. The Ohioans, led by Bruce Kuhre, are to be congratulated, for theirs is the first unit in which everyone has earned his "L". The lads receiving the award are: Billy Brumagim, Clyde Baker, Bob Benz, Merle Edsall, Jack Huckabone, Kirk Johnson, Dennis Littlefield, Bob Olson, John Rapp, Russell Rudolph, Richard Smith, Bob Smith, Carl Strandburg, and David Swanson. The "Thought for the Day" concluded Wednesday's activities.

FARM NEWS

Nitrogen Needed—Birdfoot tre-  
foil, a promising legume for Penn-  
sylvania farms, seems to seed more  
nitrogen than other legumes be-  
cause it does not have so many  
nodules on its roots for taking  
nitrogen from the air. James Ek-  
lin, Penn State extension agrono-  
mist, suggests 400 pounds of 5-10-  
10 per acre after the first cut-  
ting.

Be Careful—Between 200 and  
400 persons are killed each year  
by lightning. Joseph McCurdy,  
Penn State extension agricultural  
engineer, says you are safest in a  
large building during a thunder-  
storm, especially if it is grounded.  
You are safer in a car or truck  
than out in the open. Lie down if  
caught out in the open.

Prevent Seeding—Unless you  
are saving seed, prevent seed form-  
ing on corn cobs, foxgloves, pop-  
pies, phlox, and Sweet William,  
cautions A. O. Rasmussen, Penn  
State extension ornamental horti-  
culturist. Self-seeding of these  
species will cause a lot of trouble  
next year because it will result in  
an overabundance of plants.

Control Lice—John Pepper, ex-  
tension entomologist of the Penn-  
sylvania State College, says that  
body lice on chickens can be con-  
trolled by dusting a light applica-  
tion of 5 per cent DDT on the birds  
after they have settled down for  
the night.

Milk Is Good Feed—Because of  
its proteins, vitamins, and miner-  
als, milk is a good feed for poul-  
try of all ages, reminds F. H.  
Leuschner, extension poultry  
specialist of the Pennsylvania  
State College. Milk also stimu-  
lates feed consumption in general.

Buy Flower Seeds—Such seed as  
English daisy, pansy, and other  
flowers to be planted in August  
and early September should be  
bought now, says John Meszaros,  
Penn State extension ornamental  
horticulturist.

General Business  
In Pennsylvania  
Off 9% During June

State College—General business  
in leading areas of Pennsylvania in  
June was off 9 per cent from May  
and down 5 per cent from a year  
ago, but still was at the second  
highest figure for the month since  
World War II.

The Bureau of Business Re-  
search at the Pennsylvania State  
College reported today that the  
Index of General Business in June  
stood at 328 as compared to 346  
a year ago and 361 in May. The  
Index is based on bank debits, fac-  
tory payrolls, and industrial power  
sales and uses the years, 1935-39,  
as 100.

New records for the month of  
June were made by postal receipts,  
sales of ordinary life insurance,  
and bank debits with 12 of 23  
cities showing improvement over  
last year in bank debits. Hotel re-  
ceipts, telephones, department  
store sales, building permits, and  
building contracts were higher  
than last year.

The Bureau noted, however, that  
the steel strike brought most basic  
industrial business indicators  
well below 1951 levels, and in  
some cases, below any recent  
year. Bituminous coal, hit by a  
miners' holiday and off 49 per  
cent, was at the lowest figure for  
June since before the depression.  
Anthracite also ebbed to a new  
low. Carloadings in the Allegheny  
district were at the lowest June  
figure since 1932.

Factory employment was off 14  
per cent and hours and payrolls  
were down 17 per cent; sales of  
industrial power dropped 10 per  
cent. Sales of new cars and trucks,  
although well under 1951, were  
not so low as they had been at the  
beginning of the year.

The consumers' price index for  
Pennsylvania, the Bureau pointed  
out, was pushed up to 189.5,  
largely because of increased costs  
of food and rent. The retail food  
index stood at 230.0 or 26 per  
cent higher than 1951.

Areas showing losses in general  
business and the percentage of  
loss in June over a year ago are:  
Allentown 7; Bethlehem 16; East-  
on 5; Erie 3; Pittsburgh 13;  
Reading 8; and Scranton 1. Lan-  
caster reported no change from a  
year ago while gains were reported  
as follows: Harrisburg 1; Phila-  
delphia 2; Chester 10; Wilkes-  
Barre 1; and York 7.

The June summary for Warren  
lists postal receipts as \$123,624;  
building permits \$14,750 and new  
car and truck sales 159. Although  
postal receipts and telephones set  
new June records, other business  
indicators were under 1951. Build-  
ing operations were lowest for the  
month since 1946.

## Weather Showers Money This Summer To Tills of Makers of Air Conditioners

By SAM DAWSON  
New York (AP)—Weather showed money this summer into the pockets of makers of air conditioners. Now they are raising their production sights for next year by 30 to 100 per cent.

Sizzling days brought such a rush of customers for room coolers that most manufacturers were quickly sold out for the rest of the season. Had they guessed how hot it was to be, they would have made more room air-conditioners, and doubtless would have sold them, and made still more money.

A cool summer next year could spoil their plans. But most of them insist the market for air conditioners in 1951 are put at 250,000. This year's sales are estimated at 350,000. Harold B. Donley, general manager of General Electric's room cooler department, predicts that next year industry sales will reach 400,000 units, an increase of 14 per cent. Some others in the field think his figure too low.

He says General Electric itself plans to boost production by 35 per cent next year. And he believes that by 1951 one million room air conditioners a year will be sold, mostly for home use.

Donley stresses that manufacturers are faced with the problem of a relatively short selling season during hot weather, while production plants must be made far in advance by using a "crystal ball" to anticipate summer temperatures.

On the other hand, Morton L. Clark, president of Universal Major Elec Appliances, Inc., Lima, Ohio, insists there is a year-around

market for air conditioners—useful in winter to filter smoke and dust from the air. Even if next summer isn't the sizzler this one has been, he predicts a record market in 1953 and plans to step up production sharply. He says he already has advance orders for nearly 10,000 units.

## Home Building Will Not Be Curtailed By Steel Shortage

Home building and other light construction in Warren County will not be seriously curtailed by the predicted shortage of steel resulting from the prolonged strike in the steel mills, according to George B. King, Tidoute lumber and building materials dealer and member of the Public Affairs Committee of the National Retail Lumber Dealers Association.

"Any scarcity of steel will be offset by increased supplies of copper and aluminum and by the use of lumber to replace structural steel," Mr. King said.

als are ample at the present time, and virtually all building products are selling below OFS ceiling prices.

"The only serious obstacle to a larger volume of residential and commercial construction is the stubborn refusal of the Federal government to remove restrictions on real estate credit, including down payments, although consumer credit has been completely decontrolled in all other fields.

"It is possible that some household appliances containing important quantities of steel may become temporarily scarce, but they are not installed until new homes are completed and by that time production should be back to normal.

"The government already has revised its housing and construction regulations so as to increase the allowances of copper and aluminum needed for plumbing and heating systems. All these

may be increased still further in the near future."
